# Definitions

---

This section contains definitions of words and phrases that the Department of Social and Health Services (DSHS) uses in these billing instructions. MAA also used dental definitions found in the current American Dental Association's Current Dental Terminology and the current American Medical Association's Physician's Current Procedural Terminology. **Where there is any discrepancy between the current CDT or CPT and this section, this section prevails.**

**Adult** – For the general purposes of MAA's dental program, means a client 21 years of age and older. (MAA's payment structure changes at age 19, which affects specific program services provided to adults or children). [WAC 388-535-1050]

**American Dental Association (ADA)** – The ADA is a national organization for dental professionals/dental societies.

**Anterior** - Teeth and tissue in the front of the mouth.

- (1) Mandibular anterior teeth - incisors and canines: Permanent teeth 22, 23, 24, 25, 26, and 27; Primary teeth M, N, O, P, Q and R; and
- (2) Maxillary anterior teeth - incisors and canines: Permanent teeth 6, 7, 8, 9, 10, and 11; Primary teeth C, D, E, F, G, and H.

**Asymptomatic** – Having or producing no symptoms. [WAC 388-535-1050]

**Authorization** - An official approval for action taken for or on behalf of an eligible Medical Assistance client. This approval is only valid if the client is eligible on the date of service.

**Authorization Number** - A nine-digit number, assigned by the Medical Assistance Administration (MAA) that identifies individual requests for services or equipment. The same authorization number is used throughout the history of the request, whether it is approved, pending, or denied.

**Base metal** – Dental alloy containing little or no precious metals. [WAC 388-535-1050]

**Behavior Management** – Managing the behavior of a developmentally disabled client or a client 18 years of age or younger to facilitate the delivery of dental treatment with the assistance of one additional dental professional staff. [WAC 388-535-1050]

**By Report (BR)** – A method of reimbursement in which MAA determines the amount it will pay for a service when the rate for that service is not included in MAA's published fee schedules. Upon request, the provider must submit a "report" which describes the nature, extent, time, effort, and/or equipment necessary to deliver the service. [WAC 388-535-1050]

**Caries** – Tooth decay through the enamel or decay of the root surface. [WAC 388-535-1050]

**Child** – For the general purposes of the MAA dental program, means a client 20 years of age or younger. (MAA's payment structure changes at age 19, which affects specific program services provided to children or adults.)

**Client** – An applicant for, or recipient of, DSHS medical care programs.

**Code of Federal Regulations (CFR)** - A codification of the general and permanent rules published in the federal register by the executive departments and agencies of the federal government.

**Community Services Office (CSO)** - Field offices of the Department of Social and Health Services located in communities throughout the state which administer various services of the department at the community level.

**Comprehensive oral evaluation** – A thorough evaluation and recording of a client's dental and medical history to include: extra-oral and intra-oral hard and soft tissues, dental caries, missing or unerupted teeth, restorations, occlusal relationships, periodontal conditions (including periodontal charting), hard and soft tissue anomalies, and oral cancer screening. [WAC 388-535-1050]

**Conscious sedation** - A drug-induced depression of consciousness during which clients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patent airway, spontaneous ventilation is adequate, and cardiovascular function is maintained. [WAC 388-535-1050]

**Core build-up** – Refers to building up of clinical crowns, including pins.

**Core Provider Agreement** - A basic contract that MAA holds with medical providers serving MAA clients. The provider agreement outlines and defines terms of participation in the Medicaid program.

**Coronal** – The portion of a tooth that is covered by enamel, and is separated from the root or roots by a slightly constricted region, known as the cemento-enamel junction. [WAC 388-535-1050]

**Crown** – A restoration covering or replacing the major part, or the whole of, the clinical crown of a tooth. [WAC 388-535-1050]

**Current Dental Terminology** - A systematic listing of descriptive terms and identifying codes for reporting dental services and procedures performed by dental practitioners. CDT is published by the Council on Dental Benefit Programs of the American Dental Association (ADA). [WAC 388-535-1050]

**Current Procedural Terminology (CPT™)** – A description of medical procedures and is available from the American Medical Association of Chicago, Illinois. [WAC 388-535-1050]

**Decay** – A term of caries or carious lesion and means decomposition of the tooth structure. [WAC 388-535-1050]

**Deep sedation** – A drug-induced depression of consciousness during which a client cannot be easily aroused, ventilatory function may be impaired, but the client responds to repeated or painful stimulation. [WAC 388-535-1050]

**Division of Developmental Disabilities**

**(DDD)** - The division within DSHS responsible for administering and overseeing services and programs for clients with developmental disabilities.

**Endodontic** - Disease and injuries to the pulp requiring root canal therapy and related follow-up. [WAC 388-535-1050]

**EPSDT** – The department’s early and periodic screening, diagnosis, and treatment program for clients 20 years of age and younger as described in chapter 388-534 WAC. [WAC 388-535-1050]

**Explanation of Benefits (EOB)** - A coded message on the Medical Assistance Remittance and Status Report that gives detailed information about the claim associated with that report.

**Flowable Composite** – A low viscosity resin that is used in cervical lesions and other small, low stress bearing restorations. [WAC 388-535-1050]

**Fluoride varnish or gel** – A substance containing dental fluoride, applied to teeth. [WAC 388-535-1050]

**General anesthesia** – A drug-induced loss of consciousness during which clients are not arousable even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Clients may require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired. [WAC 388-535-1050]

**High noble metal** – A dental alloy containing at least 60% pure gold. [WAC 388-535-1050]

**Limited oral evaluation** – An evaluation limited to a specific oral health condition or problem. Typically a client receiving this type of evaluation has a dental emergency, such as trauma or acute infection. [WAC 388-535-1050]

**Limited Visual Oral Assessment** – A screening of the hard and soft tissues in the mouth. [WAC 388-538-050]

**Major bone grafts** – A transplant of solid bone tissue(s). [WAC 388-535-1050]

**Managed Care** - A prepaid comprehensive system of medical and health care delivery including preventive, primary, specialty, and ancillary health services. [WAC 388-538-050]

**Maximum Allowable** - The maximum dollar amount MAA will reimburse a provider for specific services, supplies, or equipment.

**Medicaid** - The state and federally funded aid program that covers the Categorically Needy (CNP) and Medically Needy (MNP) programs. Also known as Title XIX.

**Medical Assistance Administration (MAA)** - The administration within the department of social and health services authorized by the secretary to administer the acute care portion of the Title XIX Medicaid and state-funded medical care programs, with the exception of certain non-medical services for persons with chronic disabilities.

**Medical Identification (ID) card** – The form the Department of Social and Health Services uses to identify clients of medical programs. Medical ID cards are good only for the dates printed on them. Clients will receive a Medical ID card in the mail each month they are eligible.

**Medically necessary** - See WAC 388-500-0005.

**Medicare** - The federal government health insurance program for certain aged or disabled clients under Titles II and XVIII of the Social Security Act. Medicare has two parts:

- a) "Part A" covers the Medicare inpatient hospital, post-hospital skilled nursing facility care, home health services, and hospice care.
- b) "Part B" is the supplementary medical insurance benefits (SMIB) covering the Medicare doctor's services, outpatient hospital care, outpatient physical therapy and speech pathology services, home health care, and other services and supplies not covered under Medicare Part A. [WAC 388-500-0005]

**Minor bone grafts** – A transplant of nonsolid bone tissue(s), such as powdered bone, buttons, or plugs. [WAC 388-535-1050]

**Noble metal** – A dental alloy containing at least 25% but less than 60% pure gold. [WAC 388-535-1050]

**Oral hygiene instruction** – Instruction for home oral hygiene care, such as tooth brushing techniques or flossing. [WAC 388-535-1050]

**Oral prophylaxis** – The preventive dental procedure of scaling and polishing that includes removal of calculus, soft deposits, and plaque, and stains from teeth and tooth implants. [WAC 388-535-1050]

**Partials or partial dentures** – A removable appliance replacing missing teeth in one arch, and receiving its support and retention from both the underlying tissues and some or all of the remaining teeth. See WAC 388-525-1240 for specific information. [WAC 388-535-1050]

**Patient Identification Code (PIC)** - An alphanumeric code that is assigned to each Medical Assistance client consisting of:

- a) First and middle initials (or a dash (-) must be entered if the middle initial is not indicated);
- b) Six-digit birthdate, consisting of *numerals only* (MMDDYY);
- c) First five letters of the last name (and spaces if the name is fewer than five letters); and
- d) Alpha or numeric character (tiebreaker).

**Periodontal maintenance** – A procedure for clients who have previously been treated for periodontal disease and starts after completion of active (surgical or nonsurgical) periodontal therapy. It includes removal of the supra and subgingival microbial flora and calculus from teeth and tooth implants. [WAC 388-535-1050]

**Periodic oral evaluation** – An evaluation performed on a patient of record to determine any changes in the client's dental or medical status since a previous comprehensive or periodic evaluation. This includes a periodontal scaling at least once per year. [WAC 388-535-1050]

**Periodontal scaling and root planing -**

Instrumentation of the crown and root surfaces of the teeth or tooth implants to remove plaque, calculus, microbial flora, and bacterial toxins. [WAC 388-535-1050]

**Posterior** - Teeth and tissue towards the back of the mouth.

- (1) **Mandibular posterior teeth** – molars and premolars: **Permanent teeth** 17, 18, 19, 20, 21, 28, 29, 30, 31, and 32 and **Primary teeth** K, L, S, and T.
- (2) **Maxillary posterior teeth** – molars and premolars: **Permanent teeth** 1, 2, 3, 4, 5, 12, 13, 14, 15, and 16, and **Primary teeth** A, B, I, and J.

**Provider or provider of service** - An institution, agency, or person:

- Who has a signed agreement with the department to furnish medical [dental] care, goods and/or services to clients; and
- Is eligible to receive payment from the department. [WAC 388-500-0005]

**Proximal** – The surface of the tooth near or next to the adjacent tooth.  
[WAC 388-535-1050]

**Reline** – To resurface the tissue side of a denture with new base material or soft tissue conditioner in order to achieve a more accurate fit. [WAC 388-535-1050]

**Remittance and Status Report (RA)** - A report produced by the claims processing system in the Division of Program Support, Medical Assistance Administration, that provides detailed information concerning submitted claims and other financial transactions.

**Revised Code of Washington (RCW)** - Washington State laws.

**Root canal** - The portion of the pulp cavity inside the root of a tooth and the chamber within the root of the tooth that contains the pulp. [WAC 388-535-1050]

**Root canal therapy** - The treatment of disease and injuries of the pulp and associated periradicular conditions.  
[WAC 388-535-1050]

**Root planing** – A procedure to remove microbial flora, bacterial toxins, calculus, and diseased cementum or dentin on the root surfaces and pockets, or tooth implants.  
[WAC 388-535-1050]

**Scaling** – A procedure to remove plaque, calculus, and stain deposits from tooth surfaces, including tooth implants.  
[WAC 388-535-1050]

**Sealant** – A material applied to teeth to prevent dental caries. [WAC 388-535-1050]

**Simple extraction** – Routine removal of tooth structure. [WAC 388-535-1050]

**Spenddown** – The amount of excess income MAA has determined that a client has available to meet his or her medical expenses. The client becomes eligible for Medicaid coverage only after he or she meets the spenddown requirements.

**Standard of care** – What reasonable and prudent practitioners would do in the same or similar circumstances.  
[WAC 388-535-1050]

**Symptomatic** – Having symptoms (e.g., pain, swelling, and infection).  
[WAC 388-535-1050]

**Tempormandibular joint dysfunction (TMJ/TMD)** – An abnormal functioning of the tempormandibular joint or other areas secondary to the dysfunction.  
[WAC 388-535-1050]

**Therapeutic pulpotomy** – The surgical removal of a portion of the pulp (inner soft tissue of a tooth), to retain the healthy remaining pulp. [WAC 388-535-1050]

**Third Party** - Any entity that is or may be liable to pay all or part of the medical cost of care of a medical program client.  
[WAC 388-500-0005]

**Usual and Customary** – The fee that the provider usually charges non-Medicaid customers for the same service or item. This is the maximum amount that the provider may bill MAA. [WAC 388-535-1050]

**Washington Administrative Code (WAC)**  
Codified rules of the State of Washington.

**Wisdom Teeth** – Teeth 1, 16, 17, and 32.

[WAC 388-535-1050]

# Dental Program

---

## What is the purpose of the Dental Program?

The purpose of the Dental Program is to provide quality dental and dental-related services to eligible clients.

## Becoming a DSHS dental provider [Refer to WAC 388-535-1070(1)]

The following providers are eligible to enroll with the Medical Assistance Administration (MAA) to furnish and bill for dental-related services provided to eligible clients:

- Persons currently licensed by the state of Washington to:
  - ✓ Practice dentistry or specialties of dentistry;
  - ✓ Practice medicine and osteopathy for:
    - oral surgery procedures; or
    - providing fluoride varnish under EPSDT.
  - ✓ Practice as a dental hygienist;
  - ✓ Practice as a denturist; or
  - ✓ Practice anesthesia by:
    - Providing conscious sedation with parenteral or multiple oral agents, deep sedation, or general anesthesia as an anesthesiologist or dental anesthesiologist;
    - Providing conscious sedation with parenteral or multiple oral agents, deep sedation, or general anesthesia as a Certified Registered Nurse Anesthetist (CRNA), when the performing dentist has the appropriate conscious sedation permit or general anesthesia permit from the Department of Health (DOH);
    - Providing conscious sedation with parenteral or multiple oral agents, deep sedation, or general anesthesia as a dentist, when the dentist has a conscious sedation permit or general anesthesia permit from DOH; or

- Facilities that are:
  - ✓ Hospitals currently licensed by the Department of Health;
  - ✓ Federally-qualified health centers (FQHCs);
  - ✓ Medicare-certified ambulatory surgery centers (ASCs);
  - ✓ Medicare-certified rural health clinics (RHCs); or
  - ✓ Community health centers (CHC).
- Participating local health jurisdictions; and
- Border area or out-of-state providers of dental-related services who are qualified in their states to provide these services.

 **Note:** MAA pays licensed providers participating in the MAA dental program for only those services that are within their scope of practice. [WAC 388-535-1070(2)]

# Client Eligibility

---

## Who is eligible? [Refer to WAC 388-535-1060]

Clients presenting DSHS Medical Identification cards with the following medical program identifiers are eligible for covered dental services subject to the restrictions and specific limitations listed in the dental fee schedule:

Medical Program Identifier	Medical Program
<b>CNP</b>	Categorically Needy Program
<b>CNP – CHIP</b>	Categorically Needy Program - Children's Health Insurance Program
<b>LCP-MNP</b>	Limited Casualty Program/ Medically Needy Program
<b>MNP-QMB</b>	Medically Needy Program – QMB
<b>GA-U</b> <b>No out of state care</b>	General Assistance Unemployable <i>(Limited coverage – see page D.8 for children or E.8 for adults)</i>
<b>General Assistance</b> <b>No out of state care</b>	Alcohol and Drug Abuse Treatment and Support Act (ADATSA) <i>(Limited coverage – see page D.8 for children or E.8 for adults)</i>

## **Are clients enrolled in an MAA managed care plan eligible for services under MAA's Dental Program?**

[Refer to WAC 388-535-1060(3)]

**Yes!** Clients who are enrolled in an MAA managed care plan are eligible for MAA-covered dental services that are not covered by their plan.

Clients who are enrolled in an MAA managed care plan should have a Health Maintenance Organization (HMO) identifier in the HMO column on their Medical ID card.

## Clients eligible for enhanced services

Clients of the Division of Developmental Disabilities (DDD) may be entitled to more frequent services. See page D.6.

These individuals will have an “XX” in the “DD” column of their Medical ID card. Individuals lacking the DD information on their Medical ID card are not eligible for the additional services. If you believe that a patient may qualify for these services, refer the individual or the patient’s guardian to the nearest Developmental Disabilities Office (see list below).

# Coverage for Children

---

## When does MAA pay for covered dental-related services for children? [Refer to WAC 388-535-1080(1)]

MAA pays for covered dental and dental-related services for children listed in this section only when they are:

- a) Within the scope of the eligible client's medical care program;
- b) Medically necessary;
- c) Within the standard of care; and
- d) Within accepted dental or medical practice procedures that are:
  - i. Consistent with a diagnosis of dental disease or condition; and
  - ii. Reasonable in amount and duration of care, treatment, or service.

<p><b>Items and services are subject to the specific limitations listed in the children's fee schedule.</b></p>
---

## What dental services are covered for children?

[Refer to WAC 388-535-1080(2)]

MAA covers the following dental-related services:

- a) Medically necessary services for the identification of dental problems or the prevention of dental disease (subject to the limitations in these billing instructions).
- b) **Oral health evaluations and assessments**, which must be documented in the client's file according to WAC 388-502-0020 and WAC 246-817-310, as follows:
  - i. MAA allows a **comprehensive oral evaluation** once per provider as an initial examination, and it must include
    - A. An oral health and development history;
    - B. An assessment of physical and oral health status; and
    - C. Health education, including anticipatory guidance.
  - ii. MAA allows a **periodic oral evaluation** once every six months. Six months must elapse between the comprehensive oral evaluation and the first periodic oral evaluation.

- iii. MAA allows a **limited oral evaluation** only when the provider performing the limited oral evaluation is not providing pre-scheduled dental services for the client. The limited oral evaluation must be:
  - (A) To provide limited or emergent services for a specific dental problem; or
  - (B) To provide an evaluation for a referral.
- c) **Radiographs**, as follows:
  - i. Intraoral (complete series, including bitewings), allowed – once in a three-year period;
  - ii. Bitewings, total of four allowed every 12 months; and
  - iii. Panoramic, for oral surgical and orthodontic purposes only, as follows:
    - (A) Not allowed with an intraoral complete series; and
    - (B) Once in a three-year period, except for preoperative or postoperative surgery cases. Preoperative radiographs must be provided within 14 days prior to surgery, and postoperative radiographs must be provided within 30 days after surgery.
- d) **Topical application of fluoride** (either gel or varnish, but not both) for clients through age 18 (additional applications require prior authorization), up to three times in a 12-month period.
- e) **Sealants**, once per tooth in a three-year period for:
  - i. The occlusal surfaces of:
    - (A) Permanent teeth 2, 3, 14, 15, 18, 19, 30, and 31 only; and
    - (B) Primary teeth A, B, I, J, K, L, S, and T only.
  - ii. The lingual pits of teeth 7 and 10.
  - iii. Teeth with no decay.
- f) **Prophylaxis treatment**, which is allowed:
  - i. Once every 6 months for children age 8 through 18;
  - ii. Only as a component of oral hygiene instruction for children through age 7; and
  - iii. For clients of the Division of Developmental Disabilities, see page D.6.

- g) **Space** maintainers, for children through age 18 only, as follows:
- i. Fixed (unilateral type), one per quadrant;
  - ii. Fixed (bilateral type), one per arch; and
  - iii. Recementation of space maintainer, once per quadrant or arch.
- h) **Amalgam or composite restorations**, once in a two-year period for the same surface of the same tooth.
- i) **Crowns**, as described on page D.26.
- j) **Restoration of teeth and maintenance of dental health** as follows:
- i. Multiple restorations involving the proximal and occlusal surfaces of the same tooth are considered to be a multisurface restoration, and are reimbursed as such.  

**For example:**

    - MO restoration and a DO restoration on the same tooth must be billed as an MOD, except for teeth 2, 3, 14, and 15.
    - MOB restoration and a DO restoration on the same tooth must be billed as an MODB, except for teeth 2, 3, 14, and 15.
    - MOL restoration and a DO restoration on the same tooth must be billed as an MODL, except for teeth 2, 3, 14, and 15.
    - Buccal and Lingual grooves must not be billed separately.
  - ii. Proximal restorations that do not involve the incisal angle in the anterior teeth are considered to be a two surface restorations, and are reimbursed as such.
- k) **Endodontic (root canal) therapies** for permanent teeth except for wisdom teeth;
- l) **Therapeutic pulpotomies**, once per tooth, on primary teeth only;
- m) **Pulp vitality test**, as follows:
- i. Once per day (not per tooth);
  - ii. For diagnosis of emergency conditions only; and
  - iii. Not allowed when performed on the same date as any other procedure, with the exception of an emergency examination or palliative treatment.

- n) **Periodontal scaling and root planing**, as follows:
- i. See page D.6 for clients of the Division of Developmental Disabilities;
  - ii. Only when the client has radiographic evidence of periodontal disease. There must be supporting documentation, including complete periodontal charting and a definitive periodontal diagnosis.
  - iii. Once per quadrant in a 24-month period; and
  - iv. Not allowed when performed on the same date of service as prophylaxis, periodontal maintenance, gingivectomy, or gingivoplasty.
- o) **Periodontal maintenance**, as follows:
- i. Allowed for 0-18 years old only if clients of the Division of Developmental Disabilities (see page D.6).
  - ii. Only when the client has radiographic evidence of periodontal disease. There must be supporting documentation, including complete periodontal charting and a definitive periodontal diagnosis.
  - iii. Once per full mouth in a 12-month period; and
  - iv. Not allowed when performed on the same date of service as prophylaxis, periodontal scaling, gingivectomy, or gingivoplasty.
- p) **Complete and partial dentures** (subject to the limitations on pages D.34-D.36, and necessary modifications, repairs, rebasing, relining, and adjustments of dentures (includes partial payment in certain situations for laboratory and professional fees for dentures and partials).
- MAA covers:
- i. One set of dentures per client in a ten-year period, with the exception of replacement dentures which may be allowed as specified on page D.35; and
  - ii. Partial dentures as specified on page D.34, once every five years.
- q) **Complex orthodontic treatment** for severe handicapping dental needs as specified in Orthodontic Services for Children (see last section of these billing instructions).
- r) **Occlusal orthotic appliance** for temporomandibular joint disorder (TMJ/TMD) or bruxism one in a two-year period.
- s) **Medically necessary** oral surgery when coordinated with the client's managed care plan (if any). See Section F for covered CPT codes for oral surgeons only.
- t) **Dental services or treatment necessary for the relief of pain and infections**, including removal of symptomatic wisdom teeth. MAA does not cover routine removal of asymptomatic wisdom teeth without justifiable indications.

- u) **Behavior management** for clients through age 18 only, whose documented behavior requires the assistance of one additional dental professional staff to protect the client from self-injuring during treatment. See page D.6 for client of the Division of Developmental Disabilities.
- v) **Nitrous oxide for children** through age 18 only, when medically necessary. See page D.6 for clients of the Division of Developmental Disabilities.
- w) **Professional visits**, as follows:
  - i. Bedside call at a nursing facility or residence when requested by the client or the client's surrogate decision maker as defined in WAC 388-97-055, or when a referral for services is made by the attending physician, the director of nursing, or the nursing facility supervisor, as appropriate, allowed once per day (not per client and not per facility), per provider.
  - ii. Hospital call, including emergency care, allowed once per day.
- x) **Palliative (emergency) treatment** of dental pain and infections, minor procedures, which is:
  - i. Allowed once per client, per day.
  - ii. Reimbursed only when performed on a different date from:
    - A. Any other definitive treatment necessary to diagnose the emergency condition; and
    - B. Root canal therapy.

**Note:** May be billed in combination with Limited Oral Evaluations and necessary diagnostic radiographs.

- iii. Reimbursed only when a description of the service provided is included in the client's record.

## **What additional dental-related services are covered for DDD clients?** [Refer to WAC 388-535-1080(3)]

For clients of the Division of Developmental Disabilities, MAA allows additional services as follows:

- a) One of the following teeth cleaning services or combination of teeth cleaning services, subject to the limitations listed:
  - i. Prophylaxis or periodontal maintenance, three times per calendar year;
  - ii. Periodontal scaling and root planning, two times per calendar year;
  - iii. Prophylaxis or periodontal maintenance, two times per calendar year, and periodontal scaling and root planning, two times per calendar year.
- b) Gingivectomy or gingivoplasty;
- c) Nitrous oxide; and
- d) Behavior management that requires the assistance of one additional dental professional staff.

## **What dental-related services are covered when provided in a non-office setting?** [Refer to WAC 388-535-1080(4)]

<p><b>Providers who bill using CDT codes for the services below must obtain Prior Authorization from MAA. See page D.13.</b></p>
--

MAA covers dental services that are medically necessary and provided in a non-office setting (e.g., short stay, ambulatory surgery centers) under the direction of a physician or dentist for:

- a) The care or treatment of teeth, jaws, or structures directly supporting the teeth, if the procedure requires hospitalization;
- b) Short stays or ambulatory surgery centers when the procedure cannot be done in an office setting (See “What dental-related services are not covered,” page D.10; and
- c) A hospital call, including emergency care, allowed one per day, per client, per provider.

## **What dental-related services are covered when provided in a hospital?** [Refer to WAC 388-535-1080(4)]

Nonemergent oral surgeries performed in an inpatient setting are noncovered. Exceptions to this policy are evaluated for DDD clients whose surgery cannot be performed in an office setting or for medically necessary reconstructive surgery. Exceptions require prior written authorization for the inpatient hospitalization.

## **When is IV conscious sedation or general anesthesia covered under MAA's Dental Program?** [Refer to WAC 388-535-1080(5)]

MAA covers anesthesia for medically necessary services as follows:

- a) The anesthesia must be administered by:
  - i) An oral surgeon;
  - ii) An anesthesiologist;
  - iii) A dental anesthesiologist;
  - iv) A Certified Registered Nurse Anesthetist (CRNA); or
  - v) A general dentist who has a current conscious sedation permit from the Department of Health (DOH).
- b) MAA pays for anesthesia services according to WAC 388-535-1350.

## **What dental-related services are covered for clients residing in nursing facilities or group homes?** [Refer to WAC 388-535-1080(6)]

For clients residing in nursing facilities or group homes:

- a) Dental services must be requested by the client or a referral for services made by:
  - the attending physician;
  - the director of nursing or the nursing facility supervisor; or
  - the client's legal guardian.
- b) A bedside call at a nursing facility or group home is allowed once per day, per provider (regardless of the number of clients seen).
- c) Mass screening for dental services of clients residing in a facility is not permitted; and
- d) Nursing facilities must provide dental-related necessary services according to WAC 388-97-012 (Nursing facility care).

## **What are the coverage limits for dental-related services provided under state-only funded programs?**

[Refer to WAC 388-535-1120]

As stated on page C.1, under “Clients eligible for limited services,” clients who receive services under the following state-only funded programs receive only the limited coverage described below:

MAA covers the dental services described and limited in this billing instruction and under chapter 388-535 WAC for clients eligible for GA-U or GA only when those services are provided as part of a medical treatment for:

- a) Apical abscess verified by clinical examination, and treated by:
  - i. Open and drain palliative treatment;
  - ii. Tooth extraction; or
  - iii. Root canal therapy.
- b) Cysts or tumor therapies;
- c) Maxillofacial fracture;
- d) Total dental extraction performed prior to and because of radiation therapy for cancer of the mouth;
- e) Sequestrectomies;
- f) Systemic or presystemic cancer, only for oral hygiene related to those conditions; or
- g) Tooth fractures (limited to extraction).

**See next page for list of  
procedure codes covered under this program.**

### Billing Procedures

1. The major procedure and all ancillary services must be billed as one treatment plan. Ancillary services will not be considered separately.
2. MAA may require reports and/or radiographs to make an authorization determination. In your request for prior authorization, be sure to include a written justification in *field 35* of the ADA claim form. Remember to mark any radiographs you send with your name and provider number.

For detailed instructions on how to complete an **ADA claim form**, refer to Section H.

3. Submit the original claim (*make sure the client's PIC is on the claim*), and any necessary authorization documentation. When MAA returns the original to you, look at the Dental Consultant section for the authorization number and any pertinent comments by the Dental Consultant.

## What dental-related services are not covered for children?

[Refer to WAC 388-535-1100(1)(2)]

MAA does not cover the following dental-related services unless the services are:

- a) Required by a physician as a result of an EPSDT screen as provided under chapter 388-534 WAC; or
- b) Included in an MAA-waivered program

MAA does **not cover** the following services for children:

- a) Any services specifically excluded by statute.
- b) **More costly services** when less costly, equally effective services as determined by the department are available;
- c) Services, procedures, treatments, devices, drugs, or application of associated services that the department or the Centers for Medicare and Medicaid Services (CMS) consider investigative or experimental on the date the services were provided.
- d) **Routine fluoride treatments** (gel or varnish) for clients age 19 through 20 unless the clients are:
  - i. Clients of the Division of Developmental Disabilities (see page D.10);
  - ii. Diagnosed with xerostomia, in which case the provider must request prior authorization.

- e) **Crowns**
  - i. For wisdom teeth;
  - ii. Laboratory processed crowns for posterior teeth;
  - iii. Temporary crowns, including stainless steel crowns placed as temporary crowns; and
  - iv. Post and core for crowns.
- f) **Root canal services** for primary or wisdom teeth;
- g) **Root planing**, unless they are clients of the Division of Developmental Disabilities (see page D.6);
- h) **Bridges**;
- i) **Transitional or treatment dentures**;
- j) **Teeth implants**, including follow-up, maintenance;
- k) **Cosmetic treatment or surgery**, except for medically necessary reconstructive surgery to correct defects attributable to an accident, birth defect, or illness;
- l) **Porcelain margin extensions** (also known as crown lengthening), due to receding gums;
- m) **Extraction of asymptomatic teeth**;
- n) **Minor bone grafts**;
- o) **Nonemergent oral surgery** performed in an inpatient hospital setting, except for the following:
  - i. For clients of the Division of Developmental Disabilities (see page D.6), or for children 18 years of age or younger whose surgeries cannot be performed in an office setting. This requires written prior authorization for the inpatient hospitalization; or
  - ii. As provided under “What dental services are covered when provided in a non-office setting,” see page D.6.
- p) **Dental supplies** such as toothbrushes (manual, automatic, or electric), toothpaste, floss, or whiteners;
- q) **Dentist’s time** writing prescriptions or calling in prescriptions or prescription refills to a pharmacy;
- r) **Educational supplies**;

- s) **Missed or cancelled appointments;**
- t) **Nonmedical equipment**, supplies, personal or comfort items or services;
- u) **Provider mileage** or travel costs;
- v) **Service charges** or delinquent payment fees;
- w) **Supplies used in conjunction with an office visit;**
- x) **Take-home drugs;**
- y) **Teeth whitening;** or
- z) **Restorations for anterior or posterior wear** with no evidence of decay.

**Requests for Noncovered Service**

MAA evaluates a request for any service that is listed as noncovered under the provisions of WAC 388-501-0165.

**[WAC 388-535-1100(3)]**

# Authorization

---

**Prior Authorization and expedited prior authorization numbers do not override the client's eligibility or program limitations. Not all categories of eligibility receive all services.**

## When do I need to get prior authorization?

Authorization must take place before the service is provided.

Authorization is based on the establishment of medical necessity as determined by MAA. When prior authorization is required for a service, MAA considers these requests on a case-by-case basis. MAA denies a request for dental services when the requested service is:

- Not medically necessary; or
- A service, procedure, treatment, device, drug, or application of associated service which the Department or the Centers for Medicare and Medicaid Services (CMS) consider investigative or experimental on the date of service is provided.

When MAA authorizes a dental-related service for children, that authorization indicates only that the specific service is medically necessary; it is not a guarantee of payment. MAA may require second opinions and/or consultations before authorizing any procedure. Authorization is valid only if the client is eligible for covered services on the date of service. [WAC 388-535-1220]

In an acute emergency, the department *may* authorize the service after it is provided when the department receives justification of medical necessity. This justification must be received by MAA within three business days of the emergency service.

MAA authorizes requested services that meet the criteria in the “What dental services are covered for children” section.

## Which services for children require prior authorization?

[Refer to WAC 388-535-1220]

The following services require prior authorization:

- 1) Nonemergent inpatient hospital dental admissions;
- 2) Crowns (see page D.26);
- 3) Dentures (see page D.34); and
- 4) Selected procedures identified by MAA and published in its current dental billing instructions.

The Dental Fee Schedule indicates which services require prior authorization.  
In the Prior Authorization column:

<b>No</b>	=	Prior Authorization for these services is not required. However, the service must be provided in accordance with the policies indicated for each procedure.
<b>Yes</b>	=	Prior Authorization is required for these services.

## How do I obtain written prior authorization?

[Refer to WAC 388-535-1220]

MAA requires a dental provider who is requesting prior authorization to submit sufficient, objective, clinical information to establish medical necessity.

**The request must be submitted in writing on a completed ADA Claim Form and include the following:**

- The client's patient identification code (PIC);
- Provider's name and address;
- Provider's telephone number (including area code); and
- Provider's assigned 7-digit MAA provider number.

**Also...**

- Physiological description of the disease, injury, impairment, or other ailment;
- Radiographs;
- Treatment plan;
- Study model, if requested; and
- Photographs, if requested.

(Refer to Section H, How to Complete the ADA Claim Form.)

If MAA approves your request, the ADA Dental Claim Form will be returned to you with an authorization number. **This original form** is to be completed and submitted for payment. Keep a copy for your records.

## Where should I send requests for prior authorization?

Mail your request to:

Program Management and Authorization Section  
PO Box 45506  
Olympia, WA 98504-5506

**For procedures that do not require radiographs**  
**Fax:** (360) 586-5299

## Expedited Prior Authorization (EPA)

### When do I need to bill with an EPA number?

Dental services that are listed as “**Requires Expedited Prior Authorization**” in the fee schedule must have the assigned EPA number for that procedure on the ADA Claim Form when billing. By placing the appropriate EPA number on the ADA Claim Form when billing MAA, dental providers are verifying that the EPA criteria for that procedure code have been met.

Once the EPA criteria are met, use the 9-digit EPA number listed next to the procedure code in the fee schedule.

**Note:** Dental providers are reminded that these unique EPA numbers are ONLY for the procedure codes listed in the fee schedule as “Requires Prior Authorization.”

## Guide to using the fee schedule

<b>Column 1:</b>	Procedure Code (ADA CDT)
<b>Column 2:</b>	Description/Limitations
<b>Column 3:</b>	Prior Auth? Is prior authorization required?
<b>Column 4:</b>	Maximum Allowable – Children 0 through 18 years of age.
<b>Column 5:</b>	Maximum Allowable – Adults 19 through 20 years of age.

- Always bill your usual and customary fee(s) (not MAA's maximum allowable amount).
- For certain procedures, there are separate reimbursement rates for children (0 through 18 years of age) and clients (19 through 20 years of age). These are indicated in the maximum allowable column in the fee schedule.

***Remember: You may bill only after services have been provided, but we must receive your bill within 365 days from the date of service.***

**Unless otherwise specified, MAA uses the descriptions of the ADA codes as listed in the CDT manual.**

## Restorative

### Amalgam Restorations (including polishing)

- Multiple restorations involving the same surface of the same tooth are considered as a single surface and are reimbursed as such.
- Multiple restorations involving the proximal and occlusal surfaces of the same tooth are considered to be a multisurface restoration and are reimbursed as such.
- Reimbursement for all pit restorations is allowed as though for one surface amalgam.
- Bases and polishing amalgams are included in the allowance for the major restoration.
- Amalgams and resin-based composite restorations are covered only once in a 2-year period. This applies only to the same surface of the same tooth. If this surface is redone with an additional adjoining surface, all restored surfaces will be covered. Replacement within a 2-year period requires written justification on claim form and in patient record.
- Amalgam and/or resin build-ups are included in reimbursement for crowns.
- MAA does not cover flowable composites as a restoration.

# Crowns for Children

---

Use the final seating date, not the preparation date,  
as the date of service.

## Crowns not requiring prior authorization

[WAC 388-535-1230(1)]

- The Medical Assistance Administration (MAA) covers the following crowns for children **without prior authorization**:
  - a) Stainless steel. MAA considers these as permanent crowns, and does not cover them as temporary crowns; and
  - b) Non-laboratory resin for primary anterior teeth.

## Crowns that require prior authorization

### Laboratory Processed Crowns

[WAC 388-535-1230(2)(3)]

- MAA requires prior authorization for the following crowns, which are limited to **single** restorations for permanent anterior maxillary and mandibular teeth 6, 7, 8, 9, 10, 11, 22, 23, 24, 25, 26, and 27:
  - a. Resin (laboratory);
  - b. Porcelain with ceramic substrate;
  - c. Porcelain fused to high noble metal;
  - d. Porcelain fused to predominantly base metal; and
  - e. Porcelain fused to noble metal.
- MAA does not cover laboratory-processed crowns for posterior teeth.

Radiographs are required by MAA for confirmation that the requested service meets criteria.

## Criteria for crowns

[WAC 388-535-1230(4)(5)]

- Criteria for covered crowns as described on the previous page is:
  - a. Crowns may be authorized when the crown is medically necessary.
  - b. Coverage is based upon a supportable five-year prognosis that the client will retain the tooth if the tooth is crowned. The provider must submit the following client information:
    - i. The overall condition of the mouth;
    - ii. Oral health status;
    - iii. Client maintenance of good oral health status;
    - iv. Arch integrity; and
    - v. Prognosis of remaining teeth (prognosis of remaining teeth must not be more involved than periodontal case type II).
  - c. Anterior teeth must show traumatic or pathological destruction to loss of at least one incisal angle.
- The laboratory-processed crowns described on the previous page are covered:
  - a. Only when a lesser service will not suffice because of extensive coronal destruction, and treatment is beyond intracoronal restoration;
  - b. Only once per permanent tooth in a five-year period;
  - c. For endodontically treated anterior teeth only after satisfactory completion of the root canal therapy. Post-endodontic treatment radiographs must be submitted for prior authorization of these crowns.

**Note:** Endodontic treatment alone is not justification for authorization of a crown.

## Reimbursement for crowns

[WAC 388-535-1230(6)]

MAA reimburses only for the covered crowns listed in this section. The reimbursement is full payment. All of the following are included in the reimbursement and must not be billed separately:

- Tooth and soft tissue preparations;
- Amalgam or resin build-ups;
- Temporary crowns;
- Cement bases;
- Insulating bases;
- Impressions;
- Seating; and
- Local anesthesia.

**Temporary crowns are included in MAA's total reimbursement for crowns. MAA does not reimburse separately for temporary crowns.**

# Dentures & Partial Dentures for Children

---

Use the seating date to bill for dentures.

## Initial Set of Dentures

[Refer to WAC 388-535-1080(1)(2)]

- The Medical Assistance Administration (MAA) covers for children only one maxillary denture and one mandibular denture per client in a ten-year period, **and considers that set to be the first set.**
- **MAA does not require prior authorization for the first set of dentures.** (See exception for laboratory and professional fees for dentures and partials, page D.36.)
- The first set of dentures may be any of the following:
  - a. An immediate set (constructed prior to removal of the teeth);
  - b. An initial set (constructed after the client has been without teeth for a period of time); or
  - c. A final set (constructed after the client has received immediate or initial dentures).
- The first maxillary denture and the first mandibular denture must be of the structure and quality to be considered the primary set. MAA does not cover transitional or treatment dentures.

## Partials [Refer to WAC 388-535-1080(3)]

- MAA covers partials (resin and cast base) once every five years subject to the following limits:
  - a. Cast base partials only when replacing three or more teeth per arch excluding wisdom teeth; and
  - b. No partials are covered when they replace wisdom teeth only.

**Exception:** The exception to this is replacement dentures, which may be allowed as specified under *Replacement of Complete or Partial Dentures*.

## Replacement of Complete or Partial Dentures

[Refer to WAC 388-535-1080(4)]

**MAA requires prior authorization for replacement dentures or partials requested within one year of the seat date.**

- MAA does not require prior authorization for replacement dentures or partials when:
  - a. The client's existing dentures or partials meet **one of the following conditions**:
    - i. No longer serviceable and cannot be relined or rebased; or
    - ii. Damaged beyond repair; and
  - b. The client's health would be adversely affected by absence of dentures; and
  - c. The client has been able to wear dentures successfully; and
  - d. The dentures or partials meet the criteria of medically necessary.
- Dentures replacing a lost maxillary denture and/or a mandibular denture must not exceed MAA's limit of one set in a ten-year period.

### **For partial dentures:**

- ✓ Chart the **missing teeth** on the claim form **and** in the client's record; **and**
- ✓ In the "Remarks" field on the ADA claim form, write the justification for replacement of complete or partial dentures; or
- ✓ If billing electronically, enter the justification in the "Comments/Remarks" field.

### **For complete dentures:**

- ✓ In the "Remarks" field on the ADA claim form, write the justification for replacement of complete or partial dentures; or
- ✓ If billing electronically, enter the justification in the "Comments/Remarks" field.

## **Laboratory and Professional Fees for Dentures and Partial**

[Refer to WAC 388-535-1080(5)]

- MAA does not reimburse separately for laboratory and professional fees for dentures and partials. However, MAA may partially reimburse for these fees when the provider obtains prior authorization and the client:
  - a. Dies;
  - b. Moves from the state;
  - c. Cannot be located; or
  - d. Does not participate in completing the dentures.

## **Rebase** [Refer to WAC 388-535-1080(10)(11)]

MAA covers one rebase in a five-year period; the dentures must be at least three years old.

## **Billing** [Refer to WAC 388-535-1080(7)(8)(9)]

- For billing purposes, the provider may use the impression date as the service date for dentures, including partials, only when:
  - a. Related dental services including laboratory services were provided during a client's eligible period; and
  - b. The client is not eligible at the time of delivery.
- For billing purposes, the provider may use the delivery date as the service date when the client is using the first set of dentures in lieu of noncovered transitional or treatment dentures after oral surgery.
- MAA includes the cost of relines and adjustments that are done within six months of the seat date in the reimbursement for the dentures.

The requirements in this section also apply to overdentures.

**Dentures, partial dentures and rebased dentures require labeling in accordance with RCW 18-32.695.**

## Anesthesia

- MAA covers general anesthesia, conscious sedation, and parenteral or multiple oral agents for medically necessary dental services as follows:
  - ✓ For treatment of adults who are eligible under the Division of Developmental Disabilities;
  - ✓ For oral surgery procedures;
  - ✓ When justification for administering the general anesthesia instead of a lesser type of sedation is clearly documented in the client's record.
  - ✓ When the anesthesia is administered by:
    - An oral surgeon;
    - An anesthesiologist;
    - A dental anesthesiologist;
    - A Certified Registered Nurse Anesthetist (CRNA), if the performing dentist has a current conscious sedation permit or a current general anesthesia permit from the Department of Health (DOH); or
    - A dentist who has a current conscious sedation permit or a current general anesthesia permit from DOH.
- When the provider meets the prevailing standard of care and at least the requirements in WAC 246-817-760, Conscious sedations with parenteral or multiple oral agents, and WAC 246-817-770, General anesthesia.
- When billing for general anesthesia, show the actual beginning and ending times on the claim form. State the total number of minutes on the claim. Anesthesia time begins when the anesthesiologist or CRNA starts to physically prepare the patient for the induction of anesthesia in the operating room area (or its equivalent) and ends when the anesthesiologist or CRNA is no longer in constant attendance (i.e., when the patient can be safely placed under post-operative supervision).
- The name of the provider who administered the anesthesia must be in the *Remarks* field (field 35) of the claim form, if that provider is different from the billing provider.

## Professional Visits

- Nursing facilities must provide dental-related necessary services per WAC 388-97-012.
- No additional payment will be made for multiple calls for patients in nursing facility settings.
- Procedures including evaluations or assessments must be billed with the appropriate procedure codes.
- A referral for dental care must be documented in the client's record. This referral may be initiated by the client, client's attending physician, facility nursing supervisor, or client's legal guardian when a dental problem is identified.
- The client or guardian has freedom of choice of dentist in the community. The on-staff dental provider may be called when the patient has no preference and concurs with the request.
- Medicaid-eligible clients in nursing facilities may not be billed for services that exceed those covered under this program. Services outside this program should be arranged by the nursing facility and may be covered under their rate structure.
- Mass screening for dental services of clients residing in a facility is not permitted.

# Coverage Adults

---

## When does MAA pay for covered dental-related services for adults? [Refer to WAC 388-535-1255(1)]

MAA pays for covered dental and dental-related services listed in this section **only** when they are:

- a) Within the scope of the eligible client's medical care program;
- b) Medically necessary; and
- c) Within accepted dental or medical practice standards and are:
  - i. Consistent with a diagnosis of dental disease or condition; and
  - ii. Reasonable in amount and duration of care, treatment, or service.

<p><b>Items and services are subject to the specific limitations listed in the fee schedule, see Fee Schedule beginning on page E.18.</b></p>
---

## What dental services are covered for adults?

[Refer to WAC 388-535-1255(2)]

MAA covers the following dental-related services for eligible adults, subject to the restrictions and limitations in this section and other applicable WAC:

- a) Medically necessary services for the identification of dental problems or the prevention of dental disease.
- b) A **comprehensive oral evaluation** once per provider as an initial examination that must include:
  - i. A complete dental and medical history and a general health assessment;
  - ii. A complete thorough evaluation of extra-oral and intra-oral hard and soft tissue; and
  - iii. The evaluation and recording of dental caries, missing or erupted teeth, restoration, occlusal relationships, periodontal conditions (including periodontal charting), hard and soft tissue anomalies, and oral cancer screening.

Note: MAA does **not** pay separately for chart or record set-up. The fees for these services are included in MAA's reimbursement for Comprehensive Oral Evaluations.

- c) **Periodic oral evaluation** once every six months to include a periodontal screening/charting at least once per year. There must be six months between the comprehensive oral evaluation and the first periodic oral evaluation.

Note: MAA does **not** pay separately for chart or record set-up. The fees for these services are included in MAA's reimbursement for Comprehensive Oral Evaluations.

- d) **Limited oral evaluations** only when the provider is not providing pre-scheduled dental services for the client. The limited oral evaluation must be:

- i. To provide limited or emergent services for a specific dental problem; and/or
- ii. To provide an evaluation for a referral.

Note: MAA does **not** pay separately for chart or record set-up. The fees for these services are included in MAA's reimbursement for Comprehensive Oral Evaluations.

- e) **Radiographs**, as follows:

- i. Intraoral, complete series (including bitewings), allowed only once in a three-year period;
- ii. Panoramic film, allowed only once in a three-year period and only for oral surgical purposes;
- iii. Periapical radiographs as needed (periapical radiographs and bitewings taken on the same date of service cannot exceed MAA's fee for a complete intraoral series); and
- iv. Bitewings, up to four allowed every 12 months.

- f) **Fluoride treatment** as follows:

- i. Topical application of fluoride gel or fluoride varnish for adults age 19 through 64 with xerostomia (requires prior authorization); and
- ii. Topical application of fluoride gel or varnish for adults age 65 and older for:
  - A. Rampant root surface decay; or
  - B. Xerostomia.

- g) **Oral prophylaxis treatment**, which is:
- i. Allowed once every 12 months for adults age 19 and older, including nursing facility clients.
  - ii. Allowed for clients of the Division of Developmental Disabilities (see page E.6 for specifics);
  - iii. Not reimbursed when oral prophylaxis treatment is performed on the same date of service as periodontal scaling and root planing, gingivectomy, or gingivoplasty;
  - iv. Reimbursed only if periodontal maintenance is not billed for the same client within the same 12-month period.
- h) **Restoration of teeth and maintenance of dental health**, subject to the limitation in WAC 388-535-1260 and as follows:
- i. Amalgam and composite restorations are allowed once in a two-year period for the same surface of the same tooth per client, per provider;
  - ii. Multiple restorations involving the proximal and occlusal surfaces of the same tooth are considered to be a single multisurface restoration. Payment is limited to that of a multisurface restoration.

**For example:**

- MO restoration and a DO restoration on the same tooth must be billed as an MOD, except for teeth 2, 3, 14, and 15.
  - MOB restoration and a DO restoration on the same tooth must be billed as an MODB, except for teeth 2, 3, 14, and 15.
  - MOL restoration and a DO restoration on the same tooth must be billed as an MODL, except for teeth 2, 3, 14, and 15.
  - Buccal and Lingual grooves must not be billed separately.
- iii. Proximal restorations that do not involve the incisal angle in the anterior teeth are considered to be a two-surface restoration. Payment is limited to a two-surface restoration.
  - iv. Proximal restoration that involve the incisal angle are considered to be either a three- or four-surface restoration. All surfaces must be listed on the claim for payment.
  - v. MAA pays for a maximum of six surfaces for a posterior tooth, which is allowed once per client, per provider, in a two-year period.
  - vi. MAA pays for a maximum of six surfaces for an anterior tooth, which is allowed once per client, per provider, in a two-year period.

- vii. MAA pays for a core buildup on an anterior or a posterior tooth, including any pins, which is allowed once per client, per provider, in a two-year period, subject to the following:
  - MAA does not pay for a core buildup when a permanent or temporary crown is being placed on the same tooth.
  - MAA does not pay for a core buildup when placed in combination with any other restoration on the same tooth on the same date of service.
- viii. MAA pays for flowable composites as a restoration only when used with a cavity preparation for a carious lesion that penetrates through the enamel:
  - As a small Class I (occlusal) restoration; or
  - As a Class V (buccal or lingual) restoration.
- i) **Root canal therapy for permanent anterior teeth only.**
- j) **Periodontal scaling and root planing**, which is:
  - i. Allowed for clients of the Division of Developmental Disabilities (see page E.6);
  - ii. Allowed for clients age 19 and older;
  - iii. Allowed only when the client has radiographic evidence of periodontic disease. There must be supporting documentation in the client's record, including complete periodontal charting and a definitive periodontal diagnosis;
  - iv. Allowed once per quadrant in a 24-month period;
  - v. Allowed only when the client's clinical condition meets existing periodontal guidelines; and
  - vi. Not allowed when performed on the same date of service as oral prophylaxis, periodontal maintenance, gingivectomy or gingivoplasty.

- k) **Periodontal maintenance**, which is:
- i. Allowed for clients of the Division of Developmental Disabilities (see page E.5);
  - ii. Allowed for clients age 19 and older, every 12 months;
  - iii. Allowed only when the client has been previously treated for periodontal disease, including surgical or nonsurgical periodontal therapy;
  - iv. Allowed when supporting documentation in the client's record includes a definitive periodontal diagnosis and complete periodontal charting;
  - v. Allowed when the client's clinical condition meets existing periodontal guidelines;
  - vi. Allowed when periodontal maintenance starts at least 12 months after completion of periodontal scaling and root planing or surgical treatment and paid only at 12-month intervals; and
  - vii. Not reimbursed when the periodontal maintenance is performed on the same date of service as periodontal scaling and root planing, gingivectomy, or gingivoplasty.
  - viii. Reimbursed only if oral prophylaxis is not billed for the same client within the same 12-month period.
- l) **Dentures and partial dentures** (see page E.28 for limitations);
- m) **Simple extractions** (includes local anesthesia, suturing and routine postoperative care);
- n) **Surgical extractions**, subject to the following:
- i. Includes local anesthesia, suturing, and routine postoperative care; and
  - ii. Requires documentation and radiographs in the client's file to support soft tissue, partially bony, or completely bony extractions.
- Excludes teeth 7, 8, 9, 10, 23, 24, 25, and 26** which are considered simple extractions and must be billed as such. To request MAA's consideration for surgical reimbursement for these teeth, submit your request using the Prior Authorization process listed on page E.13.
- o) **Medically necessary oral surgery** when coordinated with the client's managed care plan (if any);
- p) **Palliative (emergency) treatment** of dental pain and infections, minor procedures, which is
- i. Allowed once per client, per day.
  - ii. Reimbursed only when performed on a different date from:
    - A. Any other definitive treatment necessary to diagnose the emergency condition; and
    - B. Root canal therapy.
  - iii. Reimbursed only when a description of the service provided is included in the client's record.

## **What additional dental services are covered for DDD clients?** [Refer to WAC 388-535-1255(3)]

For clients of the Division of Developmental Disabilities, MAA allows additional services as follows:

- a) One of the following teeth cleaning services or combination of teeth cleaning services, subject to the limitations listed:
  - i. Prophylaxis or periodontal maintenance, three times per calendar year;
  - ii. Periodontal scaling and root planning, two times per calendar year;
  - iii. Prophylaxis or periodontal maintenance, two times per calendar year, and periodontal scaling and root planning, two times per calendar year.
- b) Gingivectomy or gingivoplasty;
- c) Nitrous oxide; and
- d) Behavior management that requires the assistance of one additional dental professional staff.

## **What dental services are covered when provided in a non-office setting?** [Refer to WAC 388-535-1255(4) and 388-535-1270(4)]

<p><b>Providers who bill using CDT codes for the services below must obtain Prior Authorization from MAA. See page E.12.</b></p>
--

MAA covers dental services that are medically necessary and provided in a non-office setting (e.g., short stay, ambulatory surgery centers) under the direction of a physician or dentist for:

- a) The care or treatment of teeth, jaws, or structures directly supporting the teeth, if the procedure requires hospitalization;
- b) Short stays or ambulatory surgery centers when the procedure cannot be done in an office setting (See “What dental-related services are not covered,” page E.10; and
- c) A hospital call, including emergency care, allowed one per day, per client, per provider.

## **What dental services are covered when provided in a hospital?**

Nonemergent oral surgeries performed in an inpatient setting are noncovered. Exceptions to this policy are evaluated for DDD clients whose surgery cannot be performed in an office setting or for medically necessary reconstructive surgery. Exceptions require prior written authorization for the inpatient hospitalization.

## **When is IV conscious sedation and general anesthesia covered under MAA's Dental Program?**

[Refer to WAC 388-535-1255(5) and (6)]

MAA covers general anesthesia and IV conscious sedation with parenteral or multiple oral agents for medically necessary dental services as specified in the Adult Dental Fee Schedule, see page E.17.

## **What dental-related services are covered for clients residing in nursing facilities or group homes?** [Refer to WAC 388-535-1255(7)]

MAA covers dental-related services for clients residing in nursing facilities or group homes as follows:

- a) Dental services must be requested by the client or the client's surrogate decision maker (as defined in WAC 388-97-055), or a referral for services must be made by the:
  - Attending physician;
  - Director of nursing; or
  - Nursing facility supervisor.
- b) Nursing facilities must provide dental-related necessary services per WAC 388-97-012 (Nursing facility care); and
- c) A bedside call at a nursing facility or group home is allowed once per day, per provider (regardless of the number of clients seen).

## **What are the coverage limits for dental-related services provided under state-only funded programs?**

[Refer to WAC 388-535-1065]

MAA covers the dental services described and limited in this billing instruction and under chapter 388-535 WAC for clients eligible for GA-U or GA only when those services are provided as part of a medical treatment for:

- Apical abscess verified by clinical examination with radiographs, and treated by:
  - ✓ Open and drain palliative treatment;
  - ✓ Tooth extraction; or
  - ✓ Root canal therapy for permanent anterior teeth only.
- Tooth fractures (limited to extraction);
- Total dental extraction performed prior to and because of radiation therapy for cancer of the mouth.

**See next page for list of  
procedure codes covered under this program.**

## What dental services are not covered for adults?

[Refer to WAC 388-535-1265(1) and (2)]

**MAA does not cover the following dental services unless the services are:**

- Included in a MAA-waivered program; or
- Part of one of the Medicare programs for Qualified Medicare Beneficiaries (QMB), except for QMB-only, which is not covered.

MAA does **not cover** the following dental-related services for adults:

- a) **Any services specifically excluded by statute.**
- b) **More costly services** when less costly, equally effective services as determined by the department are available;
- c) Services, procedures, treatments, devices, drugs, or application of associated services which the department of the Centers for Medicare and Medicaid Services (CMS) consider **investigative or experimental** on the date the services were provided;
- d) Coronal polishing;
- e) **Fluoride treatments (gel or varnish) for adults**, unless the clients are:
  - i. Clients of the Division of Developmental Disabilities;
  - ii. Diagnosed with xerostomia, age 19-64, in which case the provider must request **prior authorization**; or
  - iii. High-risk adults, 65 years of age and older. High-risk means the client has at least one of the following:
    - A. Rampant root surface decay; or
    - B. Xerostomia.
- f) **Restorations** for wear on any surface of any tooth without evidence of decay through the enamel or on the root surface.
- g) Flowable composites for interproximal or incisal restorations;
- h) Nitrous oxide, except as provided for clients of the Division of Developmental Disabilities (see page E.6);
- i) Behavior management, except as provided for clients of the Division of Developmental Disabilities (see page E.6);
- j) Occlusal adjustments;

- k) Any **permanent crowns, temporary crowns**, or crown post and cores.
- l) **Bridges**, including abutment teeth and pontics.
- m) **Root canals** for **primary teeth**.
- n) **Root canals** for **permanent teeth** other than teeth 6, 7, 8, 9, 10, 11, 22, 23, 25, 26, and 27.
- o) **Pulpotomy** for permanent teeth.
- p) **Transitional dentures**.
- q) **Overdentures**.
- r) **Replacements** for:
  - i. Immediate maxillary or mandibular dentures;
  - ii. Maxillary or mandibular partial dentures (resin); or
  - iii. Complete maxillary or mandibular dentures in excess of one replacement in a ten-year period; or
  - iv. Cast metal framework maxillary or mandibular partial dentures in excess of one replacement in a ten-year period.
- s) **Rebasing** of complete dentures and partial dentures.
- t) **Adjustments** of complete dentures and partial dentures.
- t) **Tooth implants**, including insertion, post-insertion, maintenance, and implant removal.
- u) **Periodontal bone grafts** or oral soft tissue grafts.
- v) **Gingivectomy or gingivoplasty** (except for DDD clients – see page E.6).
- w) **Frenectomy or frenoplasty**, and other periodontal surgical procedures.
- x) **Crown lengthening** procedures.
- y) **Orthotic appliances**, including but not limited to, night guards, temporomandibular joint dysfunction (TMJ/TMD) appliances, and all other mouth guards.
- z) **Any treatment of TMJ/TMD**.

- aa) **Extraction** of asymptomatic teeth (including wisdom teeth).
- bb) **Alveoloplasty, alveoloectomy tori, or exostosis removal.**
- cc) **Debridement of granuloma or cysts associated with tooth extraction.**
- dd) **Cosmetic treatment or surgery**, except as prior authorized by the department for medically necessary reconstructive surgery to correct defects attributable to an accident, birth defects, or illness.
- ee) **Nonemergent oral surgery** for adults performed in an inpatient hospital setting, **except**:
  - i. Nonemergent oral surgery is covered in an inpatient hospital setting for clients of the Division of Developmental Disabilities when written prior authorization is obtained for the inpatient hospitalization; or
  - ii. As provided under “What dental services are covered when provided in a non-office setting,” see page E.6.
- ff) Dental supplies such as toothbrushes (manual, automatic, or electric), toothpaste, floss, or whiteners.
- gg) Dentist’s time writing and calling in prescriptions or prescription refills.
- hh) Educational supplies.
- ii) Missed or cancelled appointments.
- jj) Nonmedical equipment, supplies, personal or comfort items or services.
- kk) Provider mileage or travel costs.
- ll) Service charges or delinquent payment fees.
- mm) Supplies used in conjunction with an office visit.
- nn) Take-home drugs.
- oo) Teeth whitening.

# Authorization

---

**Prior Authorization and expedited prior authorization numbers do not override the client's eligibility or program limitations. Not all categories of eligibility receive all services.**

## When do I need to get prior authorization?

Authorization must take place before the service is provided.

Authorization is based on the establishment of medical necessity as determined by MAA. When prior authorization is required for a service, MAA considers these requests on a case-by-case basis.

When MAA authorizes a dental-related service for adults, the authorization indicates only that the specific service is medically necessary; it is not a guarantee of payment. MAA may require second opinions and/or consultations before authorizing any procedure. Authorization is valid only if the client is eligible for covered services on the date of service. [WAC 388-535-1270]

In an acute emergency, the department *may* authorize the service after it is provided when the department receives justification of medical necessity. This justification must be received by MAA within three business days of the emergency service.

MAA authorizes requested services that meet the criteria in the “What dental services are covered for adults” section, page E.1.

## When does MAA deny requests for prior authorization?

[Refer to WAC 388-535-1280(3)]

MAA denies a request for dental services when the requested service is:

- a) Not listed as a covered service for adults on pages E.1–E.5;
- b) Not medically necessary;
- c) A service, procedure, treatment, device, drug, or application of associated service that the department or the Centers for Medicare and Medicaid Services (CMS) consider investigative or experimental on the date the service is provided; or
- d) Covered under another DSHS program or by an agency outside DSHS.

## Which services require prior authorization?

[Refer to WAC 388-535-1270]

The following dental-related services for adults require prior authorization:

- 1) Nonemergent inpatient hospital dental admissions;
- 2) Short stays and services provided in an ambulatory surgery centers;
- 3) Dentures and partial dentures (see page E.28);
- 4) Fluoride treatment (gel or varnish) for clients age 19 through 64 who are diagnosed with xerostomia; and
- 5) Selected procedures identified by MAA (see Fee Schedule for adults).

The Dental Fee Schedule indicates which services require prior authorization.  
In the Prior Authorization column:

<b>No</b>	=	Prior Authorization for these services is not required. However, the service must be provided in accordance with the policies indicated for each procedure.
<b>Yes</b>	=	Prior Authorization is required for these services.

## How do I obtain written prior authorization?

[Refer to WAC 388-535-1280(1)]

**MAA requires a dental provider who is requesting prior authorization to submit sufficient, objective, clinical information to establish medical necessity.**

**The request must be submitted in writing on a completed ADA Claim Form and include the following:**

- The client's name and date of birth;
- The client's patient identification code (PIC);
- The provider's name and address;
- The provider's telephone number (including area code); and
- The provider's assigned 7-digit MAA provider number.

**Also...**

- The physiological description of the disease, injury, impairment, or other ailment;
- The most recent and relevant radiographs that are identified with client name, provider name, and date the radiographs were taken. *Radiographs should be duplicates as originals are to be maintained in the client's chart.*
- The proposed treatment;
- Periodontal charting (when radiographs do not sufficiently support the medical necessity for the extractions);
- Study model (if requested); and
- Photographs (if requested).

(Refer to Section H, How to Complete the ADA Claim Form.)

If MAA approves your request, the ADA Dental Claim Form will be returned to you with an authorization number. **This original form** is to be completed and submitted for payment. Keep a copy for your records.

## Where should I send requests for prior authorization?

Mail your request, along with required radiographs, to:

Program Management and Authorization Section  
PO Box 45506  
Olympia, WA 98504-5506

**For procedures that do not require radiographs**  
**Fax:** (360) 586-5299

## Expedited Prior Authorization (EPA)

### When do I need to bill with an EPA number?

Dental services that are listed as **“Requires Expedited Prior Authorization”** in the fee schedule must have the assigned EPA number for that procedure on the ADA Claim Form when billing. By placing the appropriate EPA number on the ADA Claim Form when billing MAA, dental providers are verifying that the EPA criteria for that procedure code have been met.

Once the EPA criteria is met, use the 9-digit EPA number listed next to the procedure code in the fee schedule.

 **Note:** Dental providers are reminded that these unique EPA numbers are ONLY for the procedure codes listed in the fee schedule as “Requires Prior Authorization.”

### **Exceeding Limitations or Restrictions**

A request to exceed stated limitations or other restrictions on covered services is called a limitation extension (LE), which is a form of prior authorization. MAA may evaluate and approve requests for LE for dental-related services when medically necessary, as determined by MAA, under the provisions of WAC 388-501-0165. **[WAC 388-535-1080(7)]**

# Dentures/Partial Dentures

---

**ALL Dentures, Partial Dentures, and Replacement of Dentures or Partial Dentures REQUIRE PRIOR AUTHORIZATION**  
See page E.13 for details on requesting prior authorization.

**Dentures, partial dentures require labeling in accordance with RCW 18-32.695.**

## Dentures

[Refer to WAC 388-535-1290(2) and (3)]

MAA covers the following for eligible adults:

- Only one complete maxillary and one complete mandibular denture per client in a ten-year period, when constructed after the client had been without teeth for a period of time; or
- Only one immediate maxillary denture and one immediate mandibular denture allowed per client, per lifetime, and only when constructed prior to the removal of the client's teeth.

The dentures must be of an acceptable structure and quality to meet the standard of care. MAA does not cover transitional dentures.

## Partial Dentures

[Refer to WAC 388-535-1290(2)(c)]

MAA covers the following for eligible adults:

- Only one maxillary partial denture (resin) and one mandibular partial denture (resin) to replace one, two, or three missing anterior teeth per arch, allowed per client in a ten-year period; or
- Only one maxillary partial denture (cast metal framework) and one mandibular partial denture (cast metal framework) allowed per client in a ten-year period to replace:
  - a. Any combination of at least six anterior and posterior missing teeth per arch excluding wisdom teeth; or
  - b. At least four anterior missing teeth per arch.

## Prior Authorization for Complete Dentures

[Refer to WAC 388-535-1290(1)]

- MAA requires prior authorization for complete dentures.
- Requests for prior authorization must include:
  - ✓ Whether the client was successfully able to wear dentures in the past; and
  - ✓ If not, reason why not and why client would be able to wear dentures now.

## Prior Authorization for Immediate Dentures and Partial Dentures

[Refer to WAC 388-535-1290(1)]

Clinical justification is required from a dentist for immediate dentures and partial dentures.

- MAA requires prior authorization for immediate dentures and partial dentures, described in this section.
- For immediate dentures, the client's dentist must initiate request for authorization from MAA and provide periodontal charting (when appropriate), periodontal diagnosis, and radiographs.
- For partial dentures, the client's dentist must initiate request for authorization from MAA and provide:
  - ✓ charting of missing teeth;
  - ✓ periodontal charting;
  - ✓ periodontal diagnosis;
  - ✓ radiographs;
  - ✓ whether the client has current partials; and
  - ✓ why the partial denture cannot be relined or repaired.
- If a different dentist/denturist is providing the immediate or partial dentures, that dentist/denturist must contact MAA for the prior authorization number.

## Relines

[WAC 388-535-1290(9)(10)]

- MAA covers complete denture and partial denture relines only once in a five-year period.
- MAA does not require prior authorization for repairs.
- MAA does not pay separately for relines that are done within six months of the seat date. For this time period, these procedures are included in the reimbursement for the dentures and partial dentures.

## **Repairs**

[WAC 388-535-1290(5)]

- MAA covers complete denture and partial denture repairs, when medically necessary.
- MAA does not require prior authorization for repairs.
- MAA does not pay separately for repairs that are done within six months of the seat date. For this time period, these procedures are included in the reimbursement for the dentures and partial dentures.

## **Replacement of Complete Dentures or Partial Dentures**

[Refer to WAC 388-535-1290(2)(d) and (6)]

MAA covers the following for eligible adults:

- Only one replacement of a complete maxillary denture and one replacement of a complete mandibular denture allowed per client in a ten-year period; or
- Only one replacement of a maxillary partial denture (cast metal framework) and a mandibular partial denture (cast metal framework) allowed per client in a ten-year period.

Replacement of complete dentures and partial dentures must:

- Replace a complete maxillary denture, a complete mandibular denture, a maxillary partial denture (cast metal framework) or a mandibular partial denture (cast metal framework);
- Replace dentures or partial dentures that are no longer serviceable and are unable to be relined;
- Replace dentures or partial dentures that are damaged beyond repair; and
- Replace dentures or partial dentures that a client has been able to wear successfully.

## Billing

[WAC 388-535-1290(7) and (8)]

For billing purposes, the provider must:

- a. Use the delivery date as the service date for the dentures and partial dentures; or
- b. Use the impression date as the service date for dentures and partial dentures only when:
  - i. Related dental services, including laboratory services, were provided during a client's eligible period;
  - ii. The client is not eligible at the time of delivery; and
  - iii. The client does not return to obtain the dentures or partial dentures.

The provider must document in the client's record:

- a. Written laboratory prescriptions;
- b. Receipts for laboratory fees;
- c. Receipts for laboratory records;
- d. Charting of missing teeth for partial dentures; and
- e. Documentation that justifies the placement or replacement of dentures or partial dentures.

## Laboratory and Professional Fees for Dentures/Partial Dentures

[Refer to WAC 388-535-1290(9)]

MAA does not pay separately for laboratory and professional fees for dentures and partial dentures. However, MAA may partially reimburse for these fees when the provider obtains prior authorization and the client:

- Dies;
- Moves from the state;
- Cannot be located; or
- Does not participate in completing the dentures.

## Anesthesia

- MAA covers general anesthesia, conscious sedation, and parenteral or multiple oral agents for medically necessary dental services as follows:
  - ✓ For treatment of adults who are eligible under the Division of Developmental Disabilities;
  - ✓ For oral surgery procedures;
  - ✓ When justification for administering the general anesthesia instead of a lesser type of sedation is clearly documented in the client's record.
  - ✓ When the anesthesia is administered by:
    - An oral surgeon;
    - An anesthesiologist;
    - A dental anesthesiologist;
    - A Certified Registered Nurse Anesthetist (CRNA), if the performing dentist has a current conscious sedation permit or a current general anesthesia permit from the Department of Health (DOH); or
    - A dentist who has a current conscious sedation permit or a current general anesthesia permit from DOH.
- When the provider meets the prevailing standard of care and at least the requirements in WAC 246-817-760, Conscious sedations with parenteral or multiple oral agents, and WAC 246-817-770, General anesthesia.
- When billing for general anesthesia, show the actual beginning and ending times on the claim form. State the total number of minutes on the claim. Anesthesia time begins when the anesthesiologist or CRNA starts to physically prepare the patient for the induction of anesthesia in the operating room area (or its equivalent) and ends when the anesthesiologist or CRNA is no longer in constant attendance (i.e., when the patient can be safely placed under post-operative supervision).
- The name of the provider who administered the anesthesia must be in the *Remarks* field (field 35) of the claim form, if that provider is different from the billing provider.
- MAA calculates payment according to the formula below for general anesthesia (to include deep sedation) administered by a dentist:

**$\$101.15 + [\text{TIME UNITS} \times \$20.23] = \text{MAXIMUM ALLOWABLE FEE}$**

**Note: Every 15 minute increment or fraction equals 1 time unit.**

## Professional Visits

- Nursing facilities must provide dental-related necessary services per WAC 388-97-012.
- No additional payment will be made for multiple calls for patients in nursing facility settings.
- Procedures including evaluations or assessments must be billed with the appropriate procedure codes.
- A referral for dental care must be documented in the client's record. This referral may be initiated by the client, client's attending physician, facility nursing supervisor, or client's legal guardian when a dental problem is identified.
- The client or guardian has freedom of choice of dentist in the community. The on-staff dental provider may be called when the patient has no preference and concurs with the request.
- Medicaid-eligible clients in nursing facilities may not be billed for services that exceed those covered under this program. Services outside this program should be arranged by the nursing facility and may be covered under their rate structure.
- Mass screening for dental services of clients residing in a facility is not permitted.

# Site of Service (SOS) Payment Differential

**SOS pertains only to CPT™ oral surgery codes.**

## **How are fees established for the professional services performed in the facility and non-facility settings?**

Based on the Resource-Based Relative Value Scale (RBRVS) methodology, MAA's fee schedule amounts are established using three relative value unit (RVU) components (work, practice expense and malpractice expense). MAA uses the two levels of practice expense to determine the fee schedule amounts for reimbursing professional services. This may result in two RBRVS maximum allowable fees for a procedure code. These are:

- **Facility setting maximum allowable fees (FS MAF)** – Paid when the provider performs the services in a facility setting and the cost of the resources are the responsibility of the facility; or
- **Non-facility setting maximum allowable fees (NFS MAF)** – Paid for services when the provider performing the service typically bears the cost of resources, such as labor, medical supplies, and medical equipment associated with the service performed.

Some services, by nature of their description, are performed only in certain settings and have only one maximum allowable fee per code. Examples of these services include:

- Evaluation and Management codes, which specify the site of service within the description of the procedure codes; and
- Major surgical procedures that are generally only performed in hospital settings.

## **How will the site of service payment policy affect provider reimbursements?**

Providers billing professional services will be reimbursed at one of two maximum allowable fees, depending on where the service is performed.

## Does MAA reimburse providers differently for services performed in facility and non-facility settings?

When a provider performs a professional service in a facility setting, MAA makes two payments, one to the performing provider and another to the facility. The reimbursement to the facility includes the payment for resources. The NFS MAF includes the allowance for resources.

The professional FS MAF excludes the allowance for resources that are included in the payment to the facility. Reimbursing the lower of FS MAF to performing providers when the facility is also reimbursed eliminates duplicate payment for resources.

## When are professional services reimbursed at the Facility Setting Maximum Allowable Fee?

Providers are reimbursed at the FS MAF when MAA also makes a payment to a facility. MAA will follow the Centers for Medicare and Medicaid Services' (CMS) determination for using the FS MAF, except when this is not possible due to system limitations.

Professional services billed with the following place of service codes will be reimbursed at the FS MAF:

MAA Place of Service Code	CMS Place of Service Description
21	Inpatient Hospitals
22	Outpatient Hospital
23	Emergency Room – Hospital
24	Ambulatory Surgery Center
31	Skilled Nursing Facility
32	Nursing Facility
34	Hospice
51	Inpatient Psychiatric Facility
52	Psychiatric Facility Partial Hospitalization
54	Intermediate Care Facility/Mentally Retarded
61	Comprehensive Inpatient Rehabilitation Facility
62	Comprehensive Outpatient Rehabilitation Facility
65	End-Stage Renal Disease Treatment Facility

## When are professional services reimbursed at the Non-Facility Setting Maximum Allowable Fees?

The NFS MAF is paid when MAA does not make a separate payment to a facility. Services performed in a provider's office, client's home, facility or institution (listed in the following table) will be reimbursed at the NFS MAF. MAA will follow CMS's determination for using the NFS MAF, except when this is not possible due to system limitations.

Professional services billed with the following place of service codes are reimbursed at the NFS MAF:

<b>MAA Place of Service Code</b>	<b>CMS Place of Service Description</b>
11	Office*
12	Client's Private Residence
12	Adult Family Homes
25	Birthing Center
26	Military Treatment Facility

## Oral Surgery

**CPT codes are billable only by oral surgeons.  
Use the HCFA-1500 claim form to bill.**

### Assistant Surgeon

Assistant surgeons will be reimbursed at 20 percent of the maximum allowance for those procedures indicating “Yes” in the *Assistant Surgeon Allowed* column of the fee schedule. State in the description of service area on the claim form (“Description” area) if assistant at surgery.

### Oral Surgery

- A. Global surgery reimbursement includes the provision of the following services:
- The operation;
  - Preoperative visits, in or out of the hospital, beginning on the day prior to surgery;
  - Services by the primary surgeon, in or out of the hospital, during a standard 90-day postoperative period (0 to 10 days for minor surgery);
  - Dressing changes; local incisional care and removal of operative packs; removal of cutaneous sutures, staples, lines, wires, tubes, drains and splints; and
  - All additional medical or surgical services required.
- B. When surgical procedure(s) are carried out within the listed period for follow-up care of a previous surgery, the follow-up period continues concurrently to their normal terminations.
- C. When multiple surgical procedures are performed on the same client and at the same operative session, total payment equals the sum of 100% of the global fee for the highest value procedure. Reimbursement for the second through the fifth surgical procedures is 50% of the global fee for each procedure code.

**To expedite payment of your claim, bill all the surgeries for the same  
operative session on the same claim form.**

**POSTOPERATIVE VISITS ARE INCLUDED IN THE SURGICAL FEE.**

# Billing

---

## What is the time limit for billing? [Refer to WAC 388-502-0150]

MAA requires providers to submit an initial claim, be assigned an internal control number (ICN), and adjust all claims in a timely manner. MAA has two timeliness standards: 1) for initial claims; and 2) for resubmitted claims.

- **Initial Claims**

- ✓ MAA requires providers to submit an **initial claim** to MAA and obtain an ICN within 365 days from any of the following:
  - The date the provider furnishes the service to the eligible client;
  - The date a final fair hearing decision is entered that impacts the particular claim;
  - The date a court orders MAA to cover the services; or
  - The date DSHS certifies a client eligible under delayed<sup>1</sup> certification criteria.

**Note:** If MAA has recouped a plan's premium, causing the provider to bill MAA, the time limit is 365 days from the date the plan recouped the payment from the provider.

---

<sup>1</sup> **Delayed Certification** - According to WAC 388-500-0005, delayed certification means department approval of a person's eligibility for a covered service made after the established application processing time limits. If, due to delayed certification, the client becomes eligible for a covered service that has already been provided, **the provider must not bill**, demand, collect, or accept payment from the client or anyone on the client's behalf for the service; and **must promptly refund** the total payment received from the client or anyone acting on the client's behalf and then bill MAA for the service.

**Eligibility Established After Date of Service but Within the Same Month** - If the client becomes eligible for a covered service that has already been provided because the client applied to the department for medical services later in the same month the service was provided (and is made eligible from the first day of the month), **the provider must not bill**, demand, collect, or accept payment from the client or anyone acting on the client's behalf for the service; and **must promptly refund** the total payment received from the client or anyone acting on the client's behalf and then bill MAA for the service.

- ✓ MAA may grant exceptions to the 365 day time limit for **initial claims** when billing delays are caused by either of the following:
  - DSHS certification of a client for a retroactive<sup>2</sup> period; or
  - The provider proves to MAA's satisfaction that there are other extenuating circumstances.
- ✓ MAA requires providers to bill known third parties for services. See page F6 and/or WAC 388-501-0200 for exceptions. Providers must meet the timely billing standards of the liable third parties, in addition to MAA's billing limits.

- **Resubmitted Claims**

- ✓ Providers may resubmit, modify, or adjust any timely initial claim, except prescription drug claims, for a period of 36 months from the date of service. Prescription drug claims must be resubmitted, modified, or adjusted within 15 months from the date of service.

**Note:** MAA does not accept any claim for resubmission, modification, or adjustment after the allotted time period listed above.

- The allotted time periods do not apply to overpayments that the provider must refund to DSHS. After the allotted time periods, a provider may not refund overpayments to MAA by claim adjustment. The provider must refund overpayments to MAA by a negotiable financial instrument such as a bank check.
- The provider, or any agent of the provider, must not bill a client or a client's estate when:
  - ✓ The provider fails to meet these listed requirements; and
  - ✓ MAA does not pay the claim.

Refer to MAA's **General Information Booklet**, Section K, for instructions on how to correct any billing problems you experience (e.g., Adjustments/Rebillings).

## What fee should I bill MAA for eligible clients?

Bill MAA your usual and customary charge.

---

<sup>2</sup> **Retroactive Certification:** An applicant receives a service, then applies to MAA for medical assistance at a later date. Upon approval of the application, the person was found eligible for the medical service at the time he or she received the service. The provider **MAY** refund payment made by the client and then bill MAA for the service. If the client has not paid for the service and the service is within the client's scope of benefits, providers must bill MAA.

## How do I bill for clients eligible for both Medicare and Medicaid?

Medicare does not cover dental procedures. **Surgical** CPT procedure codes 10000-69999 must be billed to Medicare first. After receiving Medicare's determination, submit a claim to MAA. Attach a copy of the Medicare determination.

## When can I bill an MAA client? [Refer to WAC 388-502-0160]

1. A provider may not bill, demand, collect, or accept payment from a client or anyone on the client's behalf for a covered service. The client is not responsible to pay for a covered service even if MAA does not pay for the service because the provider failed to satisfy the conditions of payment in MAA billing instructions, in chapter 388-502 WAC, and other chapters regulating the specific type of service provided.
2. The provider is responsible to verify whether the client has medical coverage for the date of service and to check the limitations of the client's medical program.
3. A provider may bill a client only if one of the following situations apply:
  - a. The client is enrolled in medical assistance managed care and the client and provider comply with the requirements outlined in WAC 388-538-095, "Scope of care for managed care enrollees;"
  - b. The client is not enrolled in medical assistance managed care, and the client and provider sign an agreement regarding payment for service. The agreement must be translated or interpreted into the client's primary language and signed before the service is rendered. The provider must give the client a copy and maintain the original in the client's file for department review upon request.

The agreement must include each of the following elements to be valid:

- i. A statement listing the specific service to be provided;
  - ii. A statement that the service is not covered by MAA;
  - iii. A statement that the client chooses to receive and pay for the specific service; and
  - iv. The client is not obligated to pay for the service if it is later found that the service was covered by MAA at the time it was provided, even if MAA did not pay the provider for the service because the provider did not satisfy MAA's billing requirements.
- c. The client or the client's legal guardian was reimbursed for the service directly by a third party (see WAC 388-501-0200);

- d. The client refuses to complete and sign insurance forms, billing documents, or other forms necessary for the provider to bill insurance for the service. This provision does not apply to coverage provided by MAA. [Medical Assistance is not insurance.];
- e. The provider has documentation that the client represented himself/herself as a private pay patient and not receiving Medical Assistance when the client is already eligible for and receiving benefits under an MAA medical program. The documentation must be signed and dated by the client or the client's representative. The provider must give a copy to the client and maintain the original documentation in the patient's file for department review upon request. In this case, the provider may bill the client without fulfilling the requirements in subsection 3.b. regarding the agreement to pay. However, if the patient later becomes eligible for MAA coverage of a provided service, the provider must comply with subsection 4 of this section for that service.
- f. The bill counts toward a spenddown liability, emergency medical expense requirement, deductible, or copayment required by MAA;
- g. The client received medical services in a hospital emergency room for a condition that was not an emergency medical condition. In such cases, a \$3.00 copayment may be imposed on the client by the hospital, except when:
  - i. Reasonable alternative access to care was not available;
  - ii. The "indigent person" criteria in WAC 246-453-040(1) applies;
  - iii. The client was 18 years of age or younger;
  - iv. The client was pregnant or within 60 days postpregnancy;
  - v. The client is an American Indian or Alaska Native;
  - vi. The client was enrolled in a MAA managed care plan, including Primary Care Case Management (PCCM);
  - vii. The client was in an institution such as a nursing facility or residing in an alternative living facility such as an adult family home, assisted living facility, or boarding home; or
  - viii. The client receives services under a waived program such as community options program entry system (COPES) and community alternatives program (CAP).

4. If a client becomes eligible for a covered service that has already been provided because the client:
    - a. Applied to the department for medical services later in the same month the service was provided (and is made eligible from the first day of the month), the provider must:
      - i. Not bill, demand, collect, or accept payment from the client or anyone on the client's behalf for the service; and
      - ii. Promptly refund the total payment received from the client or anyone on the client's behalf, and then bill MAA for the service;
    - b. Receives a delayed certification (see footer on page G.1), the provider must:
      - i. Not bill, demand, collect, or accept payment from the client or anyone on the client's behalf for the service; and
      - ii. Promptly refund the total payment received from the client or anyone on the client's behalf, and then bill MAA for the service; or
-  **Note:** Many people apply for a medical program *AFTER* receiving covered medical services. The department may take as long as 45 to 90 days to process medical applications.

If eligible, the client receives a DSHS Medical ID card dated the first of the month of application. The Medical ID card is *NOT* noted with either the “retroactive certification” or “delayed certification” identifiers. Providers must treat these clients as the “delayed certification” procedure described above, even if the patient indicated he or she was private pay on the date of medical service.
- c. Receives a retroactive certification (see footer on page G.2), the provider:
    - i. Must not bill, demand, collect, or accept payment from the client or anyone on the client's behalf for any unpaid charges for the service; and
    - ii. May refund any payment received from the client or anyone on the client's behalf, and after refunding the payment, the provider may bill MAA for the service.
5. Hospitals may not bill, demand, collect, or accept payment from a medically indigent, GA-U, or ADATSA client, or anyone on the client's behalf, for inpatient or outpatient hospital services during a period of eligibility, except for spenddown and under the circumstances described in subsection 3.g. of this section.

6. A provider may not bill, demand, collect, or accept payment from a client, anyone on the client's behalf, or MAA for copying or otherwise transferring health care information, as that term is defined in chapter 70.02 RCW, to another health care provider.

This includes, but is not limited to:

- (a) Medical charts;
- (b) Radiological or imaging films; and
- (c) Laboratory or other diagnostic test results.

## **Third-Party Liability**

For dental services for children and pregnant women, you may elect to bill MAA directly and MAA will recoup from the third party. If you know the third party carrier, you may choose to bill them directly. The client may not be billed for copays.

For all medical claims, you must bill the insurance carrier(s) indicated on the client's Medical ID card. An insurance carrier's time limit for claim submissions may be different from MAA's. It is your responsibility to meet the insurance carrier's requirements relating to billing time limits, as well as MAA's, prior to any payment by MAA.

You must meet MAA's 365-day billing time limit even if you haven't received notification of action from the insurance carrier. If your claim is denied due to any existing third-party liability, refer to the corresponding MAA Remittance and Status Report for insurance information appropriate for the date of service.

If you receive an insurance payment and the carrier pays you less than the maximum amount allowed by MAA, or if you have reason to believe that MAA may make an additional payment:

- Submit a completed claim form to MAA;
- Attach the insurance carrier's statement;
- If rebilling, also attach a copy of the MAA Remittance and Status Report showing the previous denial; or
- If you are rebilling electronically, list the claim number (ICN) of the previous denial in the comments field of the Electronic Media Claim (EMC).

Third-party carrier code information is available on the DSHS-MAA web site at <http://maa.dshs.wa.gov>. The information can be used as an on-line reference, downloaded, or printed. If you do not have access to MAA's web site, call 1-800-562-6136 and request that a hard copy or disk be mailed to you.

## What general records must be kept in a client's record?

[Refer to WAC 388-502- 0020]

**In addition to the specific documentation required for the Dental Program that is listed throughout this billing instruction, enrolled providers must:**

- Keep legible, accurate, and complete charts and records to justify the services provided to each client, including, but not limited to:
  - ✓ Patient's name and date of birth;
  - ✓ Dates of service(s);
  - ✓ Name and title of person performing the service, if other than the billing practitioner;
  - ✓ Chief complaint or reason for each visit;
  - ✓ Pertinent medical history;
  - ✓ Pertinent findings on examination;
  - ✓ Medications, equipment, and/or supplies prescribed or provided;
  - ✓ Description of treatment (when applicable);
  - ✓ Recommendations for additional treatments, procedures, or consultations;
  - ✓ Radiographs, tests, and results;
  - ✓ Dental photographs/teeth models;
  - ✓ Plan of treatment and/or care, and outcome; and
  - ✓ Specific claims and payments received for services.
- Assure charts are authenticated by the person who gave the order, provided the care, or performed the, examination, , treatment or other service to which the entry pertains.
- Make charts and records available to DSHS, its contractors, and the US Department of Health and Human Services, upon request, for six years from the date of service or longer if required specifically by federal or state law or regulation.

MAA does not pay for the copying or otherwise transferring health care information to another health care provider. This includes, but it not limited to, medical charts, radiological or imaging films, and laboratory or other diagnostic test results. [Refer to WAC 388-502-0160(6)].

**Medical justification is required for all procedures. Missing documentation in the client's record may result in payment recouped from the provider**

## Notifying clients of their rights (advance directives)

All Medicare-Medicaid certified hospitals, nursing facilities, home health agencies, personal care service agencies, hospices, and managed health care organizations are federally mandated to give **all adult clients** written information about their rights, under state law, to make their own health care decisions.

Clients have the right to:

- Accept or refuse medical treatment;
- Make decisions concerning their own medical care; and
- Formulate an advance directive, such as a living will or durable power of attorney, for their health care.

# How to Complete the ADA Claim Form

These instructions are based on the ADA Dental Claim Form, 2002.

MAA encourages the use of the 2002 version of the ADA form to expedited claims processing. However, if using older versions of the ADA claim form, enter the required quadrant and arch designations in the “Tooth Surface” field (field 28).

See sample claim forms, pages H6-H8.

## General Information

- Include any required prior authorization number. Prior authorized claim originals must be completed and returned as the billing document.
- Send only one claim form for payment. If the number of services exceeds one claim form, a second form can be submitted. Please make sure that all necessary claim information (provider number, patient identification code, etc.) is repeated on the second form. Each claim form should show the total charges for the services listed.
- Use either blue or black ink only. **Do not use red ink pens, highlighters, “post-it notes,” stickers, correction fluid or tape** anywhere on the claim form or backup documentation. The red ink and/or highlighter will not be picked up in the scanning process or will actually **black out** information. Do not write or use stamps or stickers on claim form.
- These instructions only address those fields that are required for billing MAA.

18. **Relationship to Primary Subscriber** – Check the appropriate box.
20. **Name (Last, First, Middle Initial, Suffix) Address, City, State, Zip Code** – Enter the client's legal name, address, and **Patient Identification Code (PIC)**. MAA identifies clients by this code, not by their name. This alphanumeric code is assigned to each MAA client and consists of:
  - First and middle initials (*or* a dash (-) must be entered if the middle initial is not indicated).
  - Six-digit birthdate, consisting of numerals only (MMDDYY).
  - First five letters of the last name (or fewer if the name is less than five letters).
  - Alpha or numeric character (tiebreaker).
21. **Date of Birth (MM/DD/CCYY)** – Enter the client's date of birth.
23. **Patient ID/Account #:** If you wish to use a medical record number, enter that number here.

**RECORD OF SERVICES PROVIDED**

**Each service performed** must be listed as a separate, complete one-line entry. **Each extraction or restoration** must be listed as a separate line entry.

If billing for removable prosthodontics, missing teeth must be noted on the tooth chart.

**24. Procedure Date (MM/DD/CCYY)**

Enter the six-digit date of service, indicating month, day, and year (e.g., October 1, 2003 = 100103).

**25. Area of Oral Cavity** – If the procedure code requires an arch or a quadrant designation, enter one of the following:

- 01 Maxillary area
- 02 Mandibular area
- 10 Upper right quadrant
- 20 Upper left quadrant
- 30 Lower left quadrant
- 40 Lower right quadrant

If you are using a claim form that does not include this column, enter one of the above codes in the tooth surface column (field 28).

**27. Tooth Number(s) or Letter(s)** – Enter the appropriate tooth number, letter(s):

- 01 through 32 for permanent teeth
- A through T for primary teeth

**28. Tooth Surface** – Enter the appropriate code from the list below to indicate the tooth surface worked on. Up to **five codes** may be listed in this column:

- B = Buccal
- D = Distal
- F = Facial
- I = Incisal
- L = Lingual
- M = Mesial
- O = Occlusal

**29. Procedure Code**: Enter the procedure code from this fee schedule that represents the procedure or service performed. The use of any other procedure code(s) will result in denial of payment.**30. Description of Services** - Give a brief written description of the services rendered. When billing for general anesthesia, enter the actual beginning and ending time. If billing for anesthesia, enter *only* the total # of minutes on the claim. To indicate a payment by another plan, write “insurance payment” in the description area and the amount in field 31. Attached the insurance EOB to the claim.**31. Fee** - Enter **your usual and customary fee** (not MAA's maximum allowable rate) for each service rendered.**33. Total Fee** – Total of all charges.**MISSING TEETH INFORMATION****34.** Place an “X” on each missing tooth.

**REMARKS**

35. **Remarks** - This field may be used for justification for the services rendered, the name of any referring provider or facility, or the name of any provider who administered anesthesia.

**Example of Remark:** “Jane Doe, CRNA administered anesthesia.”

**ANCILLARY CLAIM/  
TREATMENT INFORMATION**

38. **Place of Treatment** – Check the applicable box and enter one of the following codes to show the place of service at which the service was performed:

<b>Office</b>	<b>11</b>	dental office
<b>Hosp</b>	<b>21</b>	inpatient hospital
	<b>22</b>	outpatient hospital
	<b>23</b>	hospital emergency room
<b>ECF</b>	<b>32</b>	nursing facility
	<b>31</b>	skilled nursing facility
	<b>54</b>	intermediate care facility/mentally retarded
<b>Other</b>	<b>12</b>	client's residence
	<b>24</b>	professional services in an ambulatory surgery center
	<b>03</b>	school-based services
	<b>50</b>	federally qualified health center
	<b>71</b>	state or public health clinic (department)

39. **Number of Enclosures (00-99)** – Check the appropriate box. If you check yes, indicate how many Radiographs are enclosed.

**Note:**

- Do not send Radiographs when billing for services.
- Radiographs are necessary only when prior authorization is being requested.
- Please write "Radiographs enclosed" on the mailing envelope and mail to the Program Management and Authorization Section (see “Authorization” in either Section D or Section E for address.)

40. **Is Treatment for Orthodontics?** – Check appropriate box.

41. **Date Appliance Placed (MM/DD/CCYY)** – This field **must be completed** for orthodontic treatment.

43. **Replacement of Prosthesis?** – Check appropriate box. If “yes,” enter reason for replacement in field 35 (Remarks).

44. **Date Prior Placement (MM/DD/CCYY)** – Enter appropriate date if “yes” is check for field 43.

# How to Complete the HCFA-1500 Claim Form

---

WHEN BILLING FOR ORAL SURGERY CPT CODES,  
USE THE HCFA-1500 CLAIM FORM

**Important!**

## *Guidelines/Instructions:*

- Use only the original preprinted red and white HCFA-1500 claim forms (version 12/90 or later, preferably on 20# paper). This form is designed specifically for optical character recognition (OCR) systems. The scanner cannot read black and white (copied, carbon, or laser-printer generated) HCFA-1500 claim forms.
- Do not use red ink pens (use black ink for the circle “XO” on crossover claims), **highlighters**, “**post-it notes**,” or **stickers** anywhere on the claim form or backup documentation. The red ink and/or highlighter will not be picked up in the scanning process. Vital data will not be recognized. Do not write or use stamps or stickers that say, “REBILL,” “TRACER,” or “SECOND SUBMISSION” on claim form.
- Use **standard typewritten fonts** that are 10 c.p.i. (characters per inch). Do not mix character fonts on the same claim form. Do not use italics or script.
- Use **upper case** (capital letters) for all alpha characters.
- Use **black** printer ribbon, ink-jet, or laser printer cartridges. **Make sure ink is not too light or faded.**
- **Ensure all the claim information is entirely contained within the proper field** on the claim form and on the same horizontal plane. Misaligned data will delay processing and may even be missed.
- **Place only six detail lines on each claim form.** MAA does not accept “continued” claim forms. If more than six detail lines are needed, use additional claim forms.
- **Show the total amount for each claim form separately.** Do not indicate the entire total (for all claims) on the last claim form; **total each claim form.**

**Field    Description/Instructions for Completion**

- 1a. **Insured's I.D. NO.:** Required. Enter the MAA Patient (client) Identification Code (PIC) – an alphanumeric code assigned to each Medical Assistance client – exactly as shown on the client's DSHS Medical ID card. The PIC consists of the client's:
- a) First and middle initials (a dash [-] *must* be used if the middle initial is not available)
  - b) Six-digit birthdate, consisting of *numerals only* (MMDDYY)
  - c) First five letters of the last name. If there are fewer than five letters in the last name, leave spaces for the remainder before adding the tiebreaker.
  - d) An alpha or numeric character (tiebreaker)

*For example:*

- 1. Mary C. Johnson's PIC looks like this: MC010667JOHNSB.
- 2. John Lee's PIC needs two spaces to make up the last name, does not have a middle initial and looks like this: J-100257LEE B.
- 3. A PIC for Mary C. Johnson's newborn baby would look like this: MC010667JOHNSB Baby on Parent's PIC.

**NOTE:** The client's DSHS Medical ID card is your proof of eligibility. Use the PIC code of either parent if a newborn has not been issued a PIC, and enter indicator **B** in *field 19*.

- 2. **Patient's Name:** Required. Enter the last name, first name, and middle initial of the MAA client (the receiver of the services for which you are billing.).
- 3. **Patient's Birthdate:** Required. Enter the birthdate of the MAA client.
- 4. **Insured's Name (Last Name, First Name, Middle Initial):** When applicable. If the client has health insurance through employment or another source (e.g., private insurance, Federal Health Insurance Benefits, CHAMPUS, or CHAMPVA), list the name of the insured here. Enter the name of the insured except when the insured and the client are the same – then the word *Same* may be entered.
- 5. **Patient's Address:** Required. Enter the address of the MAA client who has received the services you are billing for (the person whose name is in *field 2*.)
- 9. **Other Insured's Name:** When applicable, show the last name, first name, and middle initial of the insured if it is *different from* the name shown in *field 4*. Otherwise, enter the word *Same*.
  - 9a. Enter the other insured's policy or group number *and* his/her Social Security Number.
  - 9b. Enter the other insured's date of birth.
  - 9c. Enter the other insured's employer's name or school name.

- 9d. Enter the insurance plan name or the program name (e.g., the insured's health maintenance organization, private supplementary insurance).

**Please note:** DSHS, Welfare, Provider Services, EPSDT, HO or Healthy Options First Steps, and Medicare, etc., are inappropriate entries for this field.

10. **Is Patient's Condition Related To:** Required. Check *yes* or *no* to indicate whether employment, auto accident or other accident involvement applies to one or more of the services described in *field 24*. ***Indicate the name of the coverage source in field 10d*** (L&I, name of insurance company, etc.).
11. **Insured's Policy Group or FECA (Federal Employees Compensation Act) Number:** When applicable. This information applies to the insured person listed in *field 4*. Enter the insured's policy and/or group number and his/her Social Security Number. The data in this field will indicate that the client has other insurance coverage and Medicaid pays as payer of last resort.
- 11a. **Insured's Date of Birth:** When applicable, enter the insured's birthdate, if different from *field 3*.
- 11b. **Employer's Name or School Name:** When applicable, enter the insured's employer's name or school name.

- 11c. **Insurance Plan Name or Program Name:** When applicable, show the insurance plan or program name to identify the primary insurance involved. (*Note: This may or may not be associated with a group plan.*)
- 11d. **Is There Another Health Benefit Plan?:** Indicate *yes* or *no*. If yes, you should have completed *fields 9a. – d.*
17. **Name of Referring Physician or Other Source:** When applicable, enter the referring physician or Primary Care Case Manager (PCCM) name. This field *must* be completed for consultations, or for referred laboratory or radiology services (or any other services indicated in your billing instructions as requiring a referral source).
- 17a. **I.D. Number of Referring Physician:** When applicable, 1) enter the seven-digit, MAA-assigned identification number of the provider who *referred or ordered* the medical service; OR 2) when the PCCM referred the service, enter his/her seven-digit identification number here. *If the provider does not have an MAA provider ID number, be certain field 17 is completed.*
19. **Reserved For Local Use:** When applicable, enter indicator **B**, *Baby on Parent's PIC*, or other comments necessary to process the claim.
21. **Diagnosis or Nature of Illness or Injury:** When applicable, enter the appropriate diagnosis code(s) in areas 1, 2, 3, and 4.

22. **Medicaid Resubmission:** When applicable. If this billing is being submitted beyond the 365-day billing time limit, enter the ICN that verifies that your claim was originally submitted within the time limit. (The ICN number is the *claim number* listed on the Remittance and Status Report).

23. **Prior Authorization Number:** When applicable. If the service or equipment you are billing for requires authorization, enter the nine-digit number assigned to you. Only one authorization number is allowed per claim.

24A. **Date(s) of Service:** Required. Enter the “from” and “to” dates using all six digits for each date. Enter the month, day, and year of service numerically (e.g., October 4, 2003 = 100403).

24B. **Place of Service:** Required. Use the appropriate place of service code as follows:

- |                      |           |   |
|----------------------|-----------|---|

# Definitions

---

The following definitions are found in WAC 388-535A-0010 and apply to the Orthodontic section of this billing instruction.

**Adolescent Dentition** – The dentition that is present after the normal loss of primary teeth and prior to cessation of growth that would affect orthodontic treatment.

**Adult** – For the general purposes of MAA’s dental program, means a client 21 years of age and older. (MAA’s payment structure changes at age 19, which affects specific program services provided to adults or children). [WAC 388-535-1050]

**Appliance placement** – The application of orthodontic attachments to the teeth for the purpose of correcting dentofacial abnormalities.

**Child** – For the general purposes of the MAA Dental Program, means a client 20 years of age or younger. (MAA’s payment structure changes at age 19, which affects specific program services provided to adults or children). [WAC 388-535-1050]

**Cleft** – The opening or fissure involving the dentition and supporting structures especially one occurring in utero. These can be:

1. Cleft lip; and/or
2. Cleft palate (involving the roof of the mouth); or
3. Facial clefts (e.g., macrostomia).

**Comprehensive full orthodontic treatment** – Utilizing fixed orthodontic appliances for the treatment of the permanent dentition leading to the improvement of a patient’s severe

handicapping craniofacial dysfunction and/or dentofacial deformity, including anatomical and functional relationships.

**Craniofacial anomalies** – Abnormalities of the head and face, either congenital or acquired, involving disruption of the dentition and supporting structures.

**Craniofacial team** – A Department of Health and Medical Assistance Administration recognized cleft palate/maxillofacial team or an American Cleft Palate Association-certified craniofacial team. These teams are responsible for management (review, evaluation, and approval) of patients with cleft palate craniofacial anomalies to provider integrated case management, to promote parent-professional partnership, and make appropriate referrals to implement and coordinate treatment plans.

**Dental dysplasia** – An abnormality in the development of the teeth.

**EPSDT** – The department’s Early and Periodic Screening, Diagnosis, and Treatment program for clients 20 years of age and younger as described in chapter 388-534 WAC.

**Hemifacial microsomia** – A developmental condition involving the first and second brachial arch. This creates an abnormality of the upper and lower jaw, ear, and associated structures (half or part of the face appears smaller sized).

**Interceptive orthodontic treatment –**

Procedures to lessen the severity or future effects of a malformation and to affect or eliminate the cause. It is an extension of preventive orthodontics that may include localized tooth movement. Such treatment may occur in the primary or transitional dentition and may include such procedures as the redirection of ectopically erupting teeth, correction of isolated dental cross-bite, or recovery of recent minor space loss where overall space is adequate.

**Limited transitional orthodontic treatment –**

Orthodontic treatment with a limited objective, not involving the entire dentition. It may be directed only at the existing problem, or at only one aspect of a larger problem in which a decision is made to defer or forego more comprehensive therapy.

**Malocclusion** – The abnormal contact between the upper and lower teeth that interferes with the highest efficiency during the movements of the jaw that are essential to chewing.

**Maxillofacial** – Relating to the jaws and face.

**Occlusion** – The relation of the upper and lower teeth when in functional contact during jaw movement.

**Orthodontics** – Treatment involving the use of any appliance, in or out of the mouth, removable or fixed, or any surgical procedure designed to redirect teeth and surrounding tissues.

**Orthodontist** – A dentist who specializes in orthodontics, who is a graduate of a postgraduate program in orthodontics that is accredited by the American Dental Association, and who meets the licensure requirements of the Department of Health.

**Primary Dentition** – Teeth developed and erupted first in order of time.

**Transitional Dentition** – The final phase of the transition from primary to adult teeth, in which the deciduous molars and canines are in the process of shedding and the permanent successors are emerging.

**This is a blank page.**

## Who is eligible? [Refer to WAC 388-535A-0020]

MAA covers medically necessary orthodontic treatment for severe handicapping malocclusions, craniofacial anomalies, or cleft lip or palate for children (20 years of age and younger) only when the client's Medical Identification card lists one of the following medical program identifiers:

Medical Program Identifier	Medical Program
CNP	Categorically Needy Program
CNP – CHIP	CNP – Children's Health Insurance Program

## Who is NOT eligible? [Refer to WAC 388-535A-0020]

MAA does not cover orthodontic services for adults.

## Who may provide and be reimbursed for orthodontic services? [Refer to WAC 388-535A-0030]

With prior approval from MAA when necessary, the following providers may furnish and be reimbursed for covered comprehensive full orthodontic treatment, interceptive orthodontic treatment, or limited orthodontic treatment to MAA clients:

- Dentists who specialize in orthodontics;
- Pediatric dentists who provide MAA-approved orthodontic services; and
- General dentists who provide MAA-approved orthodontic services.

## What is covered by MAA?

[Refer to WAC 388-535A-0040]

MAA covers medically necessary orthodontic treatment for severe handicapping malocclusions, craniofacial anomalies, or cleft lip or palate when the client meets the eligibility requirements listed on page 1 and the criteria below.

## What are MAA's criteria for orthodontic services?

To be eligible for orthodontic care, a client must be eligible for EPSDT and meet one of the following categories:

- A child with clefts (lip and/or palate) and congenital or acquired craniofacial anomalies, when case-managed by an MAA-recognized cleft lip, cleft palate, or craniofacial team for:
  - ✓ Cleft lip and palate, cleft palate or cleft lip with alveolar process involvement;
  - ✓ Craniofacial anomalies, including but not limited to:
    - Hemifacial microsomia;
    - Craniosynostosis syndromes;
    - Cleidocranial dysplasia;
    - Arthrogryposis;
    - Marfans syndrome; or
    - Other syndromes by MAA review.
  - ✓ Other diseases/dysplasia with significant facial growth impact, e.g., juvenile rheumatoid arthritis (JRA); or
  - ✓ Post traumatic, post radiation, or post burn jaw deformity;
- Note:** MAA or the Office of Children with Special Health Care Needs (OCSHCN) does not require written prior authorization for services to a client with cleft palate and/or craniofacial anomalies when the client is case-managed by an MAA-recognized cleft palate and/or craniofacial team that has a Special Agreement with MAA.

- A child with severe malocclusions which include one or more of the following:
  - ✓ Deep impinging overbite WHEN LOWER INCISORS ARE DESTROYING THE SOFT TISSUE OF THE PALATE.
  - ✓ Crossbite of individual anterior teeth WHEN DESTRUCTION OF THE SOFT TISSUE IS PRESENT.
  - ✓ Severe traumatic deviations (for example: loss of a premaxilla segment by burns or by accident; the result of osteomyelitis; or other gross pathology).
  - ✓ Overjet greater than 9mm with incompetent lips or reverse overjet greater than 3.5mm with reported masticatory and speech difficulties.
  - ✓ Other conditions from 5→12 on the handicapping labiolingual deviation HLD WA-Mod Index Scale that total 25 or higher.

## **Orthodontic treatment**

[Refer to WAC 388-535A-0060]

MAA's payment includes the initial necessary retainers and appliance removal. MAA does not cover lost or broken orthodontic appliances.

- MAA covers interceptive orthodontic treatment once in a client's lifetime for clients with cleft palate, craniofacial anomaly, or severe malocclusions.
- MAA covers limited transitional orthodontic care for a maximum of one year from original placement. MAA allows follow up treatments in three-month increments after the initial appliance placement.
- MAA limits full orthodontic care to a maximum of two years from original appliance placement. MAA allows six follow-up treatments in three-month increments, beginning six months after original appliance placement. See "When Do I Bill?" pg. 10.

## **What about orthodontic treatment beyond the client's eligibility period?**

[Refer to WAC 388-535A-0060(10)(11)]

MAA requires written prior authorization for orthodontic care, unless specified otherwise. Frequently, orthodontic care extends over many months. Make certain that the client or the client's guardian fully understands that if eligibility for dental benefits ends before the conclusion of the orthodontic treatment, payment for any remaining treatments will be his/her responsibility.

## When do I need to fill out the Orthodontic Information sheet [DSHS 13-666]?

Any time orthodontic services are requested for an MAA client, you must complete the Orthodontic Information sheet [DSHS 13-666]. To download copies of DSHS 13-666, go to: <http://www.wa.gov/dshs/dshsforms/forms/eforms.html>

### Orthodontic Information Sheet [DSHS 13-666]

(To be completed by the performing orthodontist or dentist.

Use either blue or black ink only and a highlighter to prevent return of claims by Claims Processing.)

Follow steps 1 and 2 below when applying for authorization to provide orthodontic services:

1. **Complete the Orthodontic Information sheet [current version dated 6/2001]**
  - a) Fill in the *provider information* and *patient information* sections at the top of the sheet.
  - b) In Part 1, fill in the information requested in each area that applies to the treatment being provided.
  - c) In Part 2, fill in as much as possible to assist MAA's orthodontic consultant in determining medical necessity.
2. **Submit** the following full set of 8 dental photographs to MAA:
  - a) **Intraoral Dental Photographs:**
    - 1) Anterior (teeth in centric occlusion)
    - 2) Right lateral (teeth in centric occlusion)
    - 3) Left lateral (teeth in centric occlusion)
    - 4) Upper Occlusal View (taken using a mirror)
    - 5) Lower Occlusal View (taken using a mirror)
  - b) **Extraoral Photographs:**
    - 1) Frontal
    - 2) Frontal Smiling
    - 3) Lateral Profile

## Orthodontic Examination Review Results from MAA

The MAA orthodontic consultant will review the photos and all of the information you submit for each case and will return the Orthodontic Information sheet to you with one of the following indications:

- \_\_\_\_\_ Orthodontic case study and treatment requests are authorized.
- \_\_\_\_\_ Orthodontic case study request authorized. *Requested treatment is not authorized at this time.* Re-submit with study models for evaluation, or see comments on the “Orthodontic Authorizations” Sheet.
- \_\_\_\_\_ Request for orthodontic case study denied. See comments on the “Orthodontic Authorizations” Sheet.

## Submitting Additional Information

If your initial submission is not authorized for treatment, submit only the information requested by MAA for re-evaluation. Such information may include:

- Claim for the full case study attached to the Orthodontic Information sheet; and
- Appropriate radiographs (e.g., panoramic and cephalometric radiographs);
- Diagnostic color photographs (8). See page 4.
- **A separate letter with any additional medical information if it will contribute information that may affect MAA’s final decision.**
- **Study models. (Do not send study models unless they are requested.)**
- **Other information if requested.**

## When do I bill?

### Limited Orthodontic Treatment

1. **First Billing:** When limited orthodontic treatment is authorized, you should bill MAA at the time you place the appliance. The initial reimbursement will include placement of the appliance and the first quarter of active treatment. **Indicate the date of the original appliance placement in field 41 of the ADA form.**
2. **Subsequent Billing:**
  - ✓ After the original three months of treatment, you must bill subsequent treatments in three-month segments.
  - ✓ **Services must be billed at the end of the three-month period.** For billing purposes, use a date towards the end of the three-month period as the date of service.
  - ✓ Services billed using earlier dates in the three-month period may be denied payment.
  - ✓ Document the actual service dates in the client's record.**Indicate the date of the original appliance placement in field 41 of the ADA form.**
3. **Total Care Maximum:** MAA reimburses up to one year of total care from the date of the original placing of appliances. MAA does not authorize extensions for limited transitional orthodontic treatment.

### Full Orthodontic Treatment

1. **First Billing:** When full orthodontic treatment is authorized, you should bill MAA at the time of the placing of the appliance. **The initial reimbursement includes placement of the appliance(s) and the first six (6) months of active treatment. Indicate the date of the original appliance placement in field 41 of the ADA form.**
2. **Subsequent Billing:**
  - ✓ After the original six months of treatment, you must bill subsequent treatments in three-month segments.
  - ✓ Services must be billed at the end of the three-month period, using a date towards the end of the three-month period as the date of service for billing purposes.
  - ✓ Services billed using earlier dates in the three-month period may be denied payment.
  - ✓ Document the actual service dates in the client's record.
  - ✓ Indicate the date of the original appliance placement in field 41 of the ADA claim form.
3. **Total Care Maximum:** MAA reimburses a maximum of two years of total care from the date of the original appliance placement, unless the client has reached age 21 or no longer eligible for orthodontic coverage.

## When do I need to get prior authorization?

Orthodontic providers must obtain prior authorization for those procedure codes listed in the Orthodontic Fee Schedule that have a “Yes” in the Prior Authorization column.

Authorization must take place before the service is provided.

Authorization is based on the establishment of medical necessity as determined by MAA. When prior authorization is required for a service, MAA considers these requests on a case-by-case basis.

When MAA authorizes orthodontic services for children, that authorization indicates only that the specific service is medically necessary; it is not a guarantee of payment. MAA may require second opinions and/or consultations before authorizing any procedure. Authorization is valid only if the client is eligible for covered services on the date of service.

In an acute emergency, the department *may* authorize the service after it is provided when the department receives justification of medical necessity. This justification must be received by MAA within three business days of the emergency service.

## Which orthodontic services require prior authorization?

The following orthodontic services for **children with cleft palate and craniofacial anomaly cases, require prior authorization:**

1. Removal of appliances, construction, and placement of retainer(s) when the client's appliance was placed by an orthodontic provider not participating with MAA, and/or whose treatment was previously covered by another third-party payor [ADA code D8680].
2. Additional three-month period of follow-up orthodontic care for an eligible client whose banding, appliance placement and/or initial follow-up care was done by a provider not participating with MAA, or who treatment was authorized and previously covered by another third-party payor [ADA code D8690].

For children with **severe handicapping malocclusions, all services** listed in the Orthodontic Fee Schedule for those clients **require prior authorization.**

**When MAA authorizes a service, that authorization indicates only that the specific service is medically necessary; it is not a guarantee of payment. The client must be eligible for the covered service at the time the service is provided.**  
**WAC 388-535A-0050(1)**

## How do I obtain written prior authorization?

MAA requires an Orthodontic provider who is requesting prior authorization to submit sufficient, objective, clinical information to establish medical necessity.

The request must be submitted in writing on a completed ADA Claim Form and include the following:

- The client's name and date of birth;
- The client's patient identification code (PIC);
- The provider's name and address;
- The provider's telephone number (including area code); and
- The provider's assigned 7-digit MAA provider number.

Also...

- The physiological description of the disease, injury, impairment, or other ailment;
- The most recent and relevant radiographs that are identified with client name, provider name, and date the radiographs were taken. *Radiographs should be duplicates as originals are to be maintained in the client's chart.*
- The proposed treatment;
- Periodontal charting and diagnosis
- Study model (if requested); and
- Diagnostic color photographs (if requested).

(Refer to Section H, How to Complete the ADA Claim Form.)

If MAA approves your request, the ADA Dental Claim Form will be returned to you with an authorization number. **This original form** is to be completed and submitted for payment. Keep a copy for your records.

**Medical Justification**

1. All information pertaining to medical necessity must come from the client's **prescribing orthodontist**. Information obtained from the client or someone on behalf of the client (e.g., family) will not be accepted.
2. Measurement, counting, recording, or consideration for treatment is performed only on teeth that have erupted and can be seen on the diagnostic study models. All measurements are made or judged on the basis equal to, or greater than, the minimum requirement.
3. Only permanent natural teeth will be considered for full orthodontic treatment of severe malocclusions.
4. Use either of the upper central incisors when measuring overjet, overbite (including reverse overbite), mandibular protrusion, and open bite. The upper lateral incisors or upper canines may not be used for these measurements.
5. Impacted teeth alone are not considered a severe handicapping malocclusion.

**Documentation**

The billing provider must keep documentation of the criteria in the client's file. This documentation must be readily available for review by MAA staff on request.

**Please note:**  
**Upon audit, if specified criteria are not met,**  
**MAA has the authority to recoup any payments made**  
**based on RCW 74.02.050; 74.08.090; 74.09.290; WAC 388-502-0020;**  
**WAC 388-502-0230; and the Core Provider Agreement**

## Where should I send requests for prior authorization?

Mail your request to:

Program Management and Authorization Section  
PO Box 45506  
Olympia, WA 98504-5506

**For procedures that do not require radiographs**

**Fax:** (360) 586-5299

## Expedited Prior Authorization (EPA)

### When do I need to bill with an EPA number?

Those orthodontic services listed in the Orthodontic Fee Schedule as **“Requires Expedited Prior Authorization”** must have the assigned EPA number for that procedure on the ADA Claim Form when billing. By placing the appropriate EPA number on the ADA Claim Form when billing MAA, dental providers are verifying that they are billing for a cleft palate or craniofacial anomaly case.

 **Note:** The unique EPA number is to be used ONLY when indicated in the fee schedule.

#### **Exceeding Limitations or Restrictions**

A request to exceed stated limitations or other restrictions on covered services is called a limitation extension (LE), which is a form of prior authorization. MAA may evaluate and approve requests for LE for dental-related services when medically necessary, as determined by MAA, under the provisions of WAC 388-501-0165. [WAC 388-535-1080(7)]
